Cove's Vision

The vision of Cove Charter Academy is to build strong, positive connections with students so they can achieve independence, confidence, and academic knowledge. CCA believes in providing students with opportunities to learn, grow, and attain success as critical thinkers and problem solvers. CCA believes in a trusting, caring environment where students are honored and respected, they will know how and understand how to be successful in a global society.

WHAT IS A SCHOOL COMPACT?

A school compact is a written agreement between a school, its parents and students. The compact provides strategies to help support students' success in school. This compact outlines what each stakeholder can do to assist in making a connection for the student between home and school.

Cove Charter Academy staff, along with parents and students, developed this compact. Feedback from surveys, input at meetings, and an evaluation of current parent involvement practices were considered. Meetings are held each year to review the Compact and make necessary changes. Parents are welcomed to contribute comments at any time.
