

District Mission

The primary mission and vision of Priority Charter Schools is to implement a public charter school in partnership with parents and the community that offers a multicultural, safe and friendly environment in which students can successfully learn basic skills and core academic content, develop and demonstrate their special talents and gifts, and develop social competencies that demonstrate citizenship and character..

TCA's Mission: Our mission is to commit, connect, and impact the children and families we serve by providing a safe, effective learning environment where each student will successfully acquire the academic skills and core values necessary to become life-long learners.

TCA's Vision: "Our vision here at Temple Charter Academy is to build lasting relationships with students, parents, and faculty as we strive to provide educational support that fosters academic success and career readiness in an effort to develop our students into effective community leaders."

WHAT IS A SCHOOL COMPACT?

A school compact is a written agreement between a school, its parents and students. The compact provides strategies to help support students' success in school. This compact outlines what each stakeholder can do to assist in making a connection for the student between home and school.

Temple Charter Academy staff, along with parents and students, developed this compact. Feedback from surveys, input at meetings, and an evaluation of current parent involvement practices were considered. Meetings are held each year to review the Compact and make necessary changes. Parents are welcomed to contribute comments at any time.
