To Priority Charter Schools Students and Parents:

Welcome to Priority Charter Schools! We wish this year to be an especially productive experience for each student. For this to happen, we must all work together: students, parents, and staff. This Student/Parent Handbook (“Handbook”) is designed to help us accomplish this goal.

The Handbook is an overview of our school’s goals, services, and rules. It is an essential reference book describing what we expect of our students and parents, what they can expect of us, and how we will achieve our educational mission. We have attempted to make the language in this Handbook as straightforward as possible. Please note that the term “parent” is used to refer to the parent, legal guardian, or other person who has agreed to assume school-related responsibility for a student.

The Handbook is divided into six sections. The first section includes general information regarding school policies and procedures. The second section provides important health and safety information. The third section provides information about academics and grading. The fourth section is the Student Code of Conduct (“the Code”), which is required by state law and intended to promote school safety and an atmosphere for learning. Both students and parents need to be familiar with the Code. The Code is also available in the main office at each campus and is posted on the school’s website. The fifth section is especially for parents, with information regarding parental rights. Finally, the sixth section contains important notices regarding student information, computer resources, and electronic communication devices.

This Handbook is designed to be in harmony with Board of Director’s policy. Please be aware that this Handbook is updated yearly, while policy adoption and revision may occur throughout the year. Changes in policy and procedure that affect Handbook provisions will be made available to students and parents through newsletters and other communications. **In case of conflict between Board of Director’s policy and any provision of this Handbook, the provision that was most recently adopted by the Board of Directors will be followed.**

We ask our parents to review the entire Handbook with their students and to keep it as a reference during this school year. Parents or students with questions about the material in this Handbook should contact the Principal.

Finally, you must complete and return the last page of this Handbook – “Acknowledgement and Approval of Student/Parent Handbook” – to the school office at your campus.

On behalf of the entire Priority Charter School staff and community, best wishes for a great 2024-2025 school year!

Sincerely,

Scott Moger, EdD
Superintendent
Priority Charter Schools

SECTION 1: GENERAL INFORMATION

Mission

The primary mission and vision of Priority Charter Schools is to implement a public charter school in partnership with parents and the community that offers a multicultural, safe, and friendly environment in which students can successfully learn basic skills and core academic content, develop, and demonstrate their special talents and gifts, and develop social competencies that demonstrate citizenship and character.

The secondary mission and vision of the schools is also committed to empowering others who possess like visions and missions to carry out their distinctive callings. PCS does not intend to control others in their endeavors, but to help lighten their load of providing assistance and training in the area of personalized education.

At Priority Charter Schools, the administration attempts to teach its staff that parents and students are our customers. We further endeavor to instill within each staff member, from the teachers to the cook to the custodian that “people do not care what you know until they know you care.”

Statement of Non-Discrimination

Priority Charter Schools does not discriminate on the basis of race, religion, color, national origin, gender, sex, disability, age, or any other basis prohibited by law, in providing educational services, activities, and programs, including vocational and career technology programs. Priority Charter Schools complies with Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972 (“Title IX”); Title II of the Americans with Disabilities Act of 1990 (“ADA”), as amended, which incorporates and expands upon the requirements of Section 504 of the Rehabilitation Act of 1973, as amended; the Age Discrimination Act of 1975, as amended; and any other legally-protected classification or status protected by applicable law.

As required by Title IX, Priority Charter Schools does not (and is required not to) discriminate on the basis of sex in its educational programs or activities. This non-discrimination requirement applies to admission to and employment with Priority Charter Schools. Inquiries into issues related to Title IX may be referred to Priority Charter Schools’ Title IX Coordinator (identified below), to the Assistant Secretary for Civil Rights of the Department of Education, or both.

Any questions or concerns about Priority Charter Schools’ compliance with these federal programs should be brought to the attention of the following persons designated as being responsible for coordinating compliance with these requirements:

- The Title IX Coordinator, for concerns regarding discrimination on the basis of sex/gender (including sexual harassment), is Robin Osburn, Executive Director of Finance, 275 FM 2483, Belton, Texas, 16513, 254-206-2013, rosburn@prioritycharterschools.org.

- All other concerns regarding discrimination may be directed to Robin Osburn, Executive Director of Finance, 275 FM 2483, Belton, Texas, 16513, 254-206-2013, rosburn@prioritycharterschools.org.

General Admissions and Enrollment Information

Admission and enrollment of students shall be open to persons who reside within the geographic boundaries stated in the school's charter, and who are eligible for admission based on lawful criteria identified in the charter and in state law. Additionally, as allowed by Chapter 12 of the Texas Education Code, Priority Charter Schools may admit a child of a school employee regardless of whether the child resides in the geographic area served by Priority Charter Schools. The total number of students enrolled in Priority Charter Schools shall not exceed the number of students approved in the charter or subsequent amendments. Total enrollment may further be limited by Priority Charter Schools based on occupancy limitations, code compliance and staffing requirements as deemed necessary.

In accordance with state law, Priority Charter Schools does not discriminate in its admissions policy on the basis of sex; national origin; ethnicity; religion; disability; academic, artistic, or athletic ability; or the district the child would otherwise attend.

Exclusion from Admission

As authorized by the Priority Charter Schools' charter and Texas Education Code § 12.111(a)(5)(A), students with a documented history of a criminal offense, a juvenile court adjudication, or other discipline problems under Texas Education Code Chapter 37, Subchapter A may be excluded from admission and enrollment in Priority Charter Schools.

Submission of Applications and Admissions Lottery

Students wanting to attend Priority Charter Schools must submit an application during the school's open enrollment period, which is designated by the school administration. Applications for admission are available at the campus main office and online through the Priority Charter Schools' website.

If fewer applications than spots available are received, students will be offered admission on a first-come, first-served basis. If Priority Charter Schools receives more applications than it has spots available in any grade level, it will conduct a random lottery. Each applicant selected during the lottery (up until all open seats are filled) will be offered admission. Once all enrollment spots have been filled by the lottery, the lottery will continue, and applicants will be placed on a waiting list in the order in which they are drawn. If a vacancy arises before the commencement of the next school year, the individual on the waiting list with the lowest number assignment will be offered admission and then removed from the waiting list.

If an application is received after the application period has passed, the applicant's name will be added to the waiting list behind the names of the applicants who timely applied.

Families offered an enrollment seat will be sent a registration packet with instructions for registering. Families must complete and return the registration packet by the published deadline in order to secure enrollment. If an enrollment

offer is declined or if you do not complete the registration packet by the established deadline, your child's seat will be offered to the next potential student on the waiting list.

Exceptions to Lottery Process: Federal guidelines permit Priority Charter Schools to exempt from the lottery students who are already attending Priority Charter Schools; siblings of students already admitted to or attending Priority Charter Schools; and children of Priority Charter Schools' founders, teachers, and staff, so long as the total number of students allowed under this exemption constitutes only a small percentage of Priority Charter Schools' total enrollment.

McKinney-Vento Homeless Education Assistance Act of 2001

Homeless children and youth are ensured specific educational rights and protections under the McKinney-Vento Homeless Education Assistance Act of 2001. "Children and youth who are homeless," as defined by this federal law, means, and includes children who:

- Are abandoned in hospitals or are awaiting foster care placement.
- Are living in cars, parks, public spaces, abandoned buildings, sub-standard housing, bus, or train stations.
- Are living in emergency or transitional shelters.
- Are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative accommodations.
- Are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason.
- Have a primary nighttime residence that is a public or private place not designed as a regular sleeping accommodation for human beings.
- Lack a fixed, regular, and adequate nighttime residence.

Children who are homeless will be provided flexibility regarding certain policies and procedures, including proof of residency requirements; immunization requirements; educational program placement; award of credit; eligibility requirements for participating in extracurricular activities; continuing enrollment in the "school of origin" or enrollment in a new school in the attendance area where the student is currently residing; graduation requirements; and other related matters.

Questions concerning assistance offered to homeless students can be obtained from the Homeless Liaison, 275 FM 2483, Belton, Texas, 76513, Phone - 254-206-2697.

Student Information

Any student admitted to Priority Charter Schools must have records, such as a report card and/or transcript from the previous school attended, to verify his or her academic standing. Verification of residency and current immunization records are also required. Every student enrolling in Priority Charter Schools for the first time must present documentation of immunizations as required by the Texas Department of State Health Services.

No later than 30 days after enrolling in Priority Charter Schools, the parent and school in which the student was previously enrolled shall furnish records that verify the identity of the student. These records may include the student's birth certificate, or a copy of the student's school records from the most recently attended school. Students will not be denied enrollment if they fail to meet this requirement.

Priority Charter Schools will forward a student's records on request to a school in which a student seeks or intends to enroll without the necessity of the parents' consent.

Food Allergy Information

Parents should notify Priority Charter Schools when a student has been diagnosed with a food allergy, especially an allergy that could result in dangerous or life-threatening reactions either by inhalation, ingestion, or skin contact with the particular food. It is important to disclose the food to which the student is allergic as well as the nature of

the allergic reaction. Please contact the campus Principal if your child has a known food allergy or as soon as possible after any diagnosis of a food allergy.

Students with special dietary needs due to food allergies or students who need other food modifications must have a physician complete a special dietary needs form available from Priority Charter Schools.

Food allergy information forms will be maintained in the child's student records and shall remain confidential. Information provided on food allergy information forms may be disclosed to teachers, school counselors, school nurses, and other appropriate school personnel only to the extent consistent with Board of Director's policy and as permissible under the Family Educational Rights and Privacy Act of 1974 ("FERPA").

Establishing Identification

Any of the following documents are acceptable proof of identification and age: birth certificate; driver's license; passport; school ID card; records, or report card; military ID; hospital birth records; adoption records; church baptismal record; or any other legal document that establishes identity.

Undocumented Students

Enrollment may not be denied to children who are not legally admitted into the United States.

Residency Verification

The Texas Education Code authorizes schools to obtain evidence that a person is eligible to attend public schools. To be eligible for continued enrollment in Priority Charter Schools, each student's parent must show proof of residency at the time of enrollment. Residency may be verified through observation, documentation, and other means, including, but not limited to:

1. A recently paid rent receipt,
2. A current driver's license or identification card issued by the State of Texas,
3. A current lease agreement,
4. The most recent tax receipt indicating home ownership,
5. A current utility bill indicating the address and name of the residence occupiers,
6. Mailing addresses of the residence occupiers,
7. Visual inspection of the residence,
8. Interviews with persons with relevant information, or
9. Building permits issued to a parent on or before September 1st of the school year in which admission is sought (permits will serve as evidence of residency for the school year in which admission is sought only).

Falsification of residence on an enrollment form is a criminal offense.

School Calendar

Priority Charter Schools operates according to the school calendar adopted annually by the Board of Directors. Holidays may be used as school make-up days for days lost due to bad weather. The latest changes to the calendar will be available on the school's website.

School Day

Classes begin at 8:00 a.m. and are dismissed at 3:45 p.m. Students may be dropped off as early as 7:30 a.m. They will be supervised, but there are no organized activities before the instructional day begins.

Students enrolled in after-school programming or who are signed up for academic supervision may be on campus, provided that all applicable fees for activities and/or supervision have been paid. These fees vary and will be published on our website and communicated to parents. If your campus offers an after-school program, your child

must be picked up by 6:00 or additional charges will be accrued.

Students who are not scheduled for after-school programming or supervision are expected to be picked up by 4:00 pm at the latest, unless arrangements have been made at least 24 hours in advance.

Students are expected to be picked up 15 minutes after their after-school program is finished. After those times, students not in after-school programming (clubs, athletics, supervision) will not be supervised by a Priority Charter Schools staff member. Students staying for academic help from an individual teacher are exempt from this rule, provided their teacher is supervising them and they are picked up at a pre-determined and reasonable time.

Drop-off and Pick-up Procedures

All students must be dropped off and picked up ONLY in the designated areas. Parents can also park and walk to drop off and pick up their child from the designated areas. The current drop-off and pick up maps are available at your school campus' office.

Student Drivers and Parking

All student drivers must hold a valid driver's license and insurance. Students driving to school must park in the designated lot and have paid any required campus parking fees, if applicable. Students may not go to their cars during the school day. Students must also drive in a manner that is safe and does not disrupt the learning environment or school community in any way. Students who fail to follow these guidelines will have their driving privileges suspended or revoked and may be subject to discipline under the Student Code of Conduct.

Attendance

Consistent school attendance is an essential component of each student's education. Absence from school will affect a student's ability to succeed in class; therefore, students and parents should make every effort to avoid unnecessary absences. Additionally, state law mandates compulsory school attendance for children of a certain age, and Priority Charter Schools' policy deals with attendance for course credit and a student's final grade. These laws are discussed below.

Texas Compulsory Attendance Law

Prekindergarten and Kindergarten

Students enrolled in prekindergarten and/or kindergarten are required to attend school and may be subject to compulsory attendance requirements as long as they remain enrolled.

State law requires that a student who is at least six years of age, or who is younger than six years of age and has previously been enrolled in first grade, and who has not yet reached their 19th birthday, shall attend school, as well as any applicable accelerated instruction program, extended-year program, or tutorial session, unless the student is otherwise excused from attendance or legally exempt.

Age 19 and Older

A student who voluntarily attends or enrolls after his or her 19th birthday is required to attend each school day. If a student 19 years of age or older has more than five unexcused absences in a semester, Priority Charter Schools may revoke the student's enrollment, except that Priority Charter Schools may not revoke the enrollment on a day on which the student is physically present at school. The student's presence on school property thereafter would be unauthorized and may be considered trespassing. Prior to revoking the student's enrollment, the school shall issue a warning letter to the student after the third unexcused absence stating that the student's enrollment may be revoked for the remainder of the school year if the student has more than five unexcused absences in a semester. As an alternative to revoking enrollment, Priority Charter Schools may impose a behavior improvement plan.

Tracking Student Attendance

Priority Charter Schools staff must investigate and report violations of the state compulsory attendance law. A student absent from school without permission from any class, from required special programs, or from required tutorials will be considered “truant” and subject to disciplinary action.

A court of law may impose penalties against the parent if a school-aged student is deliberately not attending school. Priority Charter Schools may file a complaint against the parent if the student incurs ten or more unexcused absences within a six-month period in the same school year.

Notice to Parents: *Under Texas Education Code § 25.095(a), you are hereby notified that if a student is absent from school on ten or more days or parts of days within a six-month period in the same school year, the student’s parent is subject to prosecution under Texas Education Code § 25.093; and the student is subject to referral to a truancy court for truant conduct under Texas Family Code § 65.003(a).*

Priority Charter Schools shall notify a student’s parent if the student has been absent from school, without excuse, on three days or parts of days within a four-week period. The notice will inform the parent that it is the parent’s duty to monitor the student’s school attendance and require the student to attend school; the student is subject to truancy prevention measures under Texas Education Code § 25.0915; and that a conference between school officials and the parent is needed to discuss the absences.

Attendance for Credit or Final Grade

To receive credit or a final grade in a class, a student must attend at least 90% of the days the class is offered. Principals may develop a plan to recuperate attendance when there are extenuating circumstances. These days include both excused and unexcused absences. A student who attends fewer than 90% of the days the class is offered may be referred to the Attendance Review Committee to determine whether the absences were due to extenuating circumstances and how the student may regain credit or earn a final grade.

The Attendance Review Committee will consider the following factors when determining whether there are extenuating circumstances for the absence:

1. All absences, whether excused or unexcused, must be considered, with consideration given to special circumstances as defined by the Texas Education Code.
2. For a student transferring into Priority Charter Schools after school begins, including a migrant student, only those absences after enrollment will be considered.
3. In reaching consensus about a student’s absences, the Attendance Review Committee will attempt to ensure that its decision is in the best interest of the student.
4. The Attendance Review Committee will consider whether the absences were for reasons over which the student or parent could exercise control.
5. The Attendance Review Committee will consider the acceptability and authenticity of documentation expressing reasons for the student’s absences.
6. The Attendance Review Committee will consider the extent to which the student has completed all assignments, mastered the essential knowledge and skills, and maintained passing grades in the course or subject.
7. The student or parent will be given an opportunity to present any information to the Attendance Review Committee about the absences and to discuss ways to earn or regain credit.

If credit is lost or a final grade is not earned due to excessive absences, the Attendance Review Committee will decide how the student may regain credit or earn a final grade. If the Attendance Review Committee determines there are no extenuating circumstances and that credit or a final grade may not be earned, the student or parent may appeal the Attendance Review Committee’s decision to the Board of Directors by filing a written request with the

Superintendent or designee. The appeal notice must be postmarked to the following address within 10 days following the last day of instruction in the semester for which credit was denied:

Priority System's Board of Directors
Attn: Attendance
275 FM 2483
Belton, Texas 76513

The appeal notice will then be placed on the agenda of the next regularly scheduled Board of Director's meeting. The Superintendent or designee shall inform the student or parent of the date, time, and place of the meeting.

Absence and Tardiness

When a student must be absent from school, parents are asked to call the school each day the student will be absent. Upon returning to school, the student must bring a note, signed by the parent, or a medical excuse signed and dated by a provider that describes the reason for the absence. Notes should be submitted to the school registrar, and may be scanned, emailed, or faxed to the school. If a note is not received within 5 school days of the absence, the absence will be recorded as unexcused.

Because excessive absences are considered truancy under state law, Priority Charter Schools reserves the right to take extreme absence cases to court.

Priority Charter Schools recognizes two kinds of absences: excused and unexcused. Students and parents should read this section carefully to understand the school's expectations. Students and parents should also be aware of the school's policy regarding homework, quizzes, and tests following an absence.

Excused Absences

State law allows exemptions to the compulsory attendance requirements for several types of absences if the student makes up all work. These include absence for the following activities and events:

- Religious holy days.
- Required court appearances.
- Activities related to obtaining United States citizenship.
- Service as an election clerk.
- Documented health-care appointments for the student or a child of the student, including absences for recognized services for students diagnosed with autism spectrum disorders, if the student comes to school or returns to school on the same day as the appointment. A note from the health-care provider must be submitted upon the student's arrival or return to campus.
- For students in the conservatorship (custody) of the state who need to attend:
 - An activity required under a court-ordered service plan; or
 - Any other court-ordered activity, provided it is not practicable to schedule the student's participation in the activity outside of school hours.
- A parent or guardian may submit a parent note to excuse up to three absences due to illness per semester.

A junior or senior student may also be absent for up to two days per school year for purposes of visiting a college or university, so long as the student obtains permission for the visit from the Principal or designee, follows the school's procedures to verify the visit, and makes up any work missed due to the absence.

Students may also be excused for their appointment at the Department of Motor Vehicles to take the driving test, as long as documentation is provided.

A student may also be absent for up to two days in a school year for service as an early voting clerk, provided the

student receives approval from the Principal prior to the absence and informs his or teachers of the absence.

Absences of up to five days will be excused for a student to visit with a parent, stepparent, or legal guardian who has been called to duty for, is on leave from, or immediately returned from certain deployments.

Additionally, Priority Charter Schools may excuse up to four days of school for a high school student who is 17 years of age or older to pursue enlistment in a branch of the armed services of the United States or the Texas National Guard, if Priority Charter Schools verifies the student's activities relating to pursuing enlistment.

For religious holy days, required court appearances, activities related to obtaining citizenship, and service as an election clerk, one day of travel to the site and one day of travel from the site shall also be excused by Priority Charter Schools.

The only additional excused absences are for personal illness, death in the immediate family (parent, sibling, grandparent, or member of the immediate household), a school-related absence or an absence approved in advance by the Principal due to extenuating circumstances.

Unexcused Absences

Any absence not listed above or approved in advance by the Principal due to extenuating circumstances will be considered an unexcused absence.

Tardiness and Late Arrival

Nearly all tardiness is avoidable. If a student arrives late to school, a parent must report to the school office to complete a tardy slip.

Make-Up Work

If a student misses class for any reason, a teacher may assign make-up work that incorporates the instructional objectives for the class and that will assist the student to master the essential knowledge and skills necessary to meet subject or course requirements. Students are responsible for obtaining and completing the make-up work in a satisfactory manner and within the time specified by the teacher. Teachers will provide students and parents with additional information regarding penalties for failure to complete make-up work within the time allotted, and the process for making up tests missed due to absence.

Driver's License Attendance Verification

The Texas Department of Public Safety ("DPS") is required to verify the attendance records of a student between the ages of 16 and 18 that is seeking to obtain or renew a driver's license. For DPS to access this information or, in certain circumstances, for a school administrator to provide the attendance information to DPS, written parental permission must be obtained. Students may obtain the required Verification of Enrollment form from the school office.

Students with Disabilities

If a student with a disability is experiencing attendance issues, the student's ARD or Section 504 committee will determine whether the attendance issues warrant an evaluation, a reevaluation, and/or modifications to the student's individualized education program or Section 504 plan, as appropriate.

Release of Students from School

A student will not be released from school at times other than at the end of the school day except with permission from the Principal or designee and in accordance with campus sign-out procedures. Additionally, state rules require that parental consent be obtained before a student under the age of 18 may leave campus at any point in the school day. To ensure that the end of the day dismissal is the safest environment, students cannot be checked out between

3:00-3:45.

Because class time is important, doctor's appointments or meetings with other professionals should be scheduled at times when the student will not miss instructional time, if possible.

Closed Campus

Students are not permitted to leave campus for lunch. Parents are welcome to eat lunch with their child in the cafeteria. Parents may only bring lunch for their own children. Students and adults may not bring in or give away food to other students during lunch times.

Withdrawals

Voluntary Withdrawal

A student under 18 years of age may be withdrawn from school only by a parent. Priority Charter Schools requests notice from the parent at least three days in advance so that records and documents may be prepared. Parents may obtain a withdrawal form from the main office. The parent shall also provide the name of the new school in which the student will be enrolled and must sign the withdrawal request to document that the student will continue to be enrolled in a school as required by compulsory attendance laws.

A student who is 18 years of age or older, who is married, or who has been declared by a court to be an emancipated minor, may withdraw without parental signature.

Withdrawing students and parents are expected to:

- Return all textbooks and checked-out materials and equipment;
- Complete any make-up work assigned;
- Pay any unpaid balance for student fees, if any; and
- Sign a release of student records.

In all cases, withdrawal forms must be appropriately completed and signed before withdrawal is complete.

Invuntary Withdrawal

Priority Charter Schools may initiate withdrawal of a student under the age of 19 for non-attendance if:

1. the student has been absent 10 consecutive school days, and
2. repeated efforts by the school to locate the student have been unsuccessful.

Additionally, Priority Charter Schools may revoke the enrollment of a student 19 years of age or older who has more than five unexcused absences in one semester.

Dress and Grooming

The school's dress and grooming standards are designed to teach grooming and hygiene, prevent disruption, minimize safety hazards, and provide dress and grooming standards that offers flexibility for the parent and student. Students must come to school clean and neatly groomed and wearing clothing that will not be a health or safety hazard to the student or others, and that will not distract from the educational atmosphere of the school. Students are required to arrive in proper attire every day.

As authorized by state law and the Priority Charter Schools' Charter, students are required to wear uniforms to school. Parents must provide their student(s) with the required uniform, except in the case of educationally disadvantaged students as provided in the Texas Education Code. Priority Charter Schools may provide a uniform for economically disadvantaged students. A request for school assistance for purchasing uniforms must be made in writing to the Principal or designee and include evidence of the inability to pay. Further details are available in the Principal's office. A parent may choose for his or her student(s) to be exempted from the requirement of wearing a

uniform if the parent provides a written statement that, as determined by the Board of Directors, states a bona fide religious or philosophical objection to the requirement.

Students who do not follow the school's guidelines for personal attire and appearance may be subject to discipline under the Student Code of Conduct. Additionally, a parent may be contacted to bring an acceptable change of clothing to school, and the student may be assigned to in-school suspension for the remainder of the day until a change of clothes is brought to the school.

Entering the 2024-2025 School Year, Priority Charter Schools (PCS) has partnered with Ibiley Uniforms for the purpose of providing our students and parents with quality and convenient campus uniform options. By partnering with Ibiley Uniforms, Priority Charter Schools is providing our parents and students with a much higher quality uniform with the PCS logo by location.

If a returning Priority Charter Schools student or family has an older PCS shirts with a PCS patch sewed to the shirt the student may wear the shirt. Older PCS shirts and uniforms are grandfathered during our time of transition to the Ibiley Uniforms attire. If a student or family does not have an older uniform with the PCS brand sewed on their polo shirt, they may order their PCS polo shirts from the Ibiley Uniforms website. Pants, shorts, and skirts are not required to be ordered from the Ibiley Uniforms website. Only the shirts.

The Ibiley Uniforms website link can be found on the Priority Charter Schools website at www.prioritycharterschools.org. **Note:** Individual orders sent to the Priority Charter Schools campuses will have no shipping costs added. Group orders arrive on specific dates for this cost to be eliminated.

Priority Charter Schools will periodically review its dress and grooming policies, and make changes as needed.

While it is inevitable that there will be differences of opinion as to the appropriateness of dress, grooming, and/or determining whether or not a student's attire is disruptive or distracting to the educational environment of the school, the principal or designee will make the final determination. Any student who does not comply with the dress code will be removed from the regular school setting until the student complies with this code.

Student Fees

Materials that are part of the basic educational program are provided with state and local funds at no charge to a student. Students are expected to provide their own consumable items, such as pencils, paper, pens, erasers, notebooks, calculators, headsets, etc. Students may be required to pay certain fees or deposits, including:

1. A fee for materials for a class project that the student will keep if the fee does not exceed the cost of materials.
2. Membership dues in voluntary student clubs or organizations and admission fees to extracurricular activities.
3. A security deposit for the return of materials, supplies or equipment.
4. A fee for personal physical education and athletic equipment and apparel, although a student may provide the student's own equipment or apparel if it meets reasonable requirements and standards relating to health and safety.
5. A fee for voluntarily purchased items, such as student publications, class rings, pictures, yearbooks, graduation announcements, etc.
6. A fee for voluntary student health and accident benefit plan.
7. A reasonable fee, not to exceed the actual annual maintenance cost, for the use of musical instruments and uniforms owned or rented by the school.
8. A fee for items of personal apparel used in extracurricular activities that become the property of the student.
9. A parking fee.
10. A fee for replacement of a student identification card.
11. If offered, a fee for a driver training course, not to exceed the actual cost per student in the program for the current school year.
12. A fee for an optional course offered for credit that requires the use of facilities not available on campus or the employment of an educator who is not part of the school's regular staff.
13. A fee for summer school courses that are offered tuition-free during the regular school year.
14. A reasonable fee, not to exceed \$50, for costs associated with an educational program offered outside of regular school hours through which a student who was absent from class receives instruction voluntarily for the purpose of making up the missed instruction and meeting the level of attendance required for class credit, so long as the fee would not create a financial hardship or discourage the student from attending the program.
15. A fee for lost, damaged, or overdue library books.
16. A fee specifically permitted by any other statute.
17. A technology fee.

Priority Charter Schools may waive any fee or deposit if the student and parent are unable to pay. A request for such a waiver must be made in writing to the Superintendent or designee and include evidence of inability to pay. Details for the fee waiver are available in the campus office.

Families are responsible for paying all fees associated with extra-curricular programs, including clubs, parking, athletics, fine arts, University Interscholastic League ("UIL") academics, and academic supervision prior to participation.

Textbooks and Curriculum Materials

State-approved textbooks and additional curriculum materials are provided free of charge for each subject or class, except for dual credit courses. Materials must be used by the students as directed by the teacher and treated with care. A student who is issued damaged materials should report the damage to the teacher.

Students must return all textbooks and supplemental materials to the teacher at the end of the school year or when the student withdraws from school. Any student failing to return issued materials in an acceptable condition loses the right to free textbooks and educational materials until the student and/or parent pay for the damages. However, a student will be provided textbooks and educational materials for use during the school day. Priority Charter Schools may reduce or waive the payment requirement if the student is from a low-income family. Release of student records, including official transcripts, will be delayed pending payment for lost or severely damaged textbooks.

A parent is entitled to request that Priority Charter Schools allow a student to take home any instructional materials used by the student. Priority Charter Schools will honor the request, subject to availability of the instructional materials. A student who takes home instructional materials must return the materials to school at the beginning of the next school day if requested to do so by the student's teacher. Priority Charter Schools must provide instructional materials to the student in printed format if the student does not have reliable access to technology at the student's home. Priority Charter Schools also is not required to purchase printed copies of instructional materials that the school would otherwise not purchase; Priority Charter Schools may provide the student with relevant electronic instructional materials.

Food Service

Priority Charter Schools participates in the National School Lunch Program and offers nutritionally balanced breakfasts and lunches. Guidelines set by the Texas Department of Agriculture ("TDA") and United States Department of Agriculture ("USDA") are followed to meet the nutritional needs of all students. Menus may be obtained at the school office.

Free and reduced-price breakfasts and lunches are available based on financial need. Information about a student's participation is confidential. See the Principal to apply. Students must apply for meal assistance each school year.

State-Mandated Nutrition Guidelines

The TDA places strict limits on any food or drink provided or sold to students other than through Priority Charter Schools' food and nutrition services. More detailed information may be obtained at the school office or online at www.sqaremeals.org.

Nutrition Charge Policy

Purpose:

The purpose of this policy is to establish a consistent district procedure for charging meals when student account balances are low or negative, preventing excessive meal charges and ensuring eligible children are certified for free and reduced-price school meals.

The National School Breakfast and Lunch Program is a federally assisted meal program that provides students a well-balanced meal each day. Student meals are partially reimbursed by the National School Breakfast and Lunch Program when the household does not qualify for a free meal. Parents or guardians of children who do not qualify for the free meal benefit are required to make payments to the student account only for the portion of the cost that is not reimbursed by the National School Breakfast and Lunch Program.

The Meal Charge Procedure is written to outline how Priority Charter Schools will communicate to parents/guardians about the process for managing unpaid meal charges on student accounts, the procedure for collecting balances that are negative, and to assure parents that no student should be embarrassed or confronted in collecting delinquent account balances.

Policy Information:

This policy will apply to all schools that participate in the National School Breakfast and Lunch Program within the Priority Charter School boundaries.

When a new student transfers into a school within the district, parents will receive the following information from the school:

- Prices of school meals
- Parent options to provide payment for school meals
- Application for free or reduced meal pricing benefits
- Information of collection procedures for delinquent lunch accounts

This information is available to all students.

Charging meals:

We understand how important a healthy balanced meal is to any student; not only for his/her health but also his/her education. Therefore, it is the parent's/guardian's responsibility to insure their child has sufficient funds on their account to cover all school meals and to keep abreast of their child's account. Should a child's account balance become low, Priority Charter Schools will take the following actions:

- Notices will be sent home when a student's lunch account reaches a balance of \$3.50.
- A student will only be allowed to charge up to \$10.00. Students will be given a reimbursable meal with a lowest cost entrée, a choice of milk, and a choice of a fruit or vegetable. However, parents will be contacted by the child nutrition department.
- **If you do not want your child to charge meals, please contact:**

Kristen Villalobos at 254-206-2013 Ext. 110, **OR**

Email Kristen Villalobos at kvillalobos@prioritycharterschools.org, **OR**

Complete the Child Nutrition Student Update Form on your child's campus and return it to the campus cashier.

- Parents can make online payments at myschoolbucks.org.
- Parents can also make payments at the school. Please see your lunchroom cashier or campus secretary to collect any cash or check payments. Please enclose payment in an envelope labeled with the student's name and amount of payment enclosed.
- Check payments are allowed; however, all charges of non-sufficient funds will incur to the child's account. If this causes the account to become negative, an alternative meal will be given until all charges are paid in full.
- Any student who has a negative balance on their account will not be allowed to purchase seconds.
- No ala carte charges are permitted at any time.
- Charging by adults is prohibited.

In cases of repeated nonpayment by a student, the Superintendent or Child Nutrition Director may contact parents/guardians to discuss the reasons for the nonpayment. The Superintendent or Child Nutrition Coordinator may evaluate individual circumstances to determine if the student's parents/guardians need assistance completing an application for free or reduced-price meals or need referral to social services. Hand stamps, stickers, or any other means of overt identification of children with unpaid meal balances in the cafeteria are prohibited. Additionally, children with unpaid meal balances shall not be required to work off their debt, including but not limited to, wiping tables, or cleaning the cafeteria.

Staff Members

- Child Nutrition will set up all staff member accounts.
- All staff members can purchase a meal at the adult price. This includes breakfast, lunch, and any ala carte item.
- **All staff members, including cafeteria staff are prohibited from making any charges. Staff members whose salary is 100% funded by the National School Lunch Program are the only staff members authorized to have one “reimbursable breakfast” and one “reimbursable lunch”. Meals must be consumed in the open cafeteria during staff members’ break.**
- No food or drink is permitted to leave the campus without being purchased. This action is considered theft and is grounds for automatic termination.

Refund Policy

When a student withdraws from the district or graduates, parents may request, in writing, a refund of the cafeteria balance until June 15th of each year. Upon withdrawal, the school offices must check with the Cafeteria Manager or Child Nutrition Director to see if the student has a balance to be reimbursed or negative balance due.

If reimbursement is due a scheduled payment will be made at the time of withdrawal. If a negative balance exists on the account, the Child Nutrition Director will contact the parent/guardian for a payment plan/payment of funds.

At the end of the year, Child Nutrition will send a reminder letter to the household of students with a balance over \$5.00 asking if they would like a refund or leave monies in the account until the following school year.

Wellness Policy

Staff Qualifications and Professional Development

All school nutrition program directors, managers and staff will meet or exceed hiring and annual continuing education/training requirements.

Smart Snacks aim to improve student health and wellbeing, increase consumption of healthful foods during the school day and create an environment that reinforces the development of healthy eating habits. A summary of the standards and information, as well as a Guide to Smart Snacks in Schools are available at: <https://www.fns.usda.gov/healthierschoolday/tools-schools->

To support healthy food choices and improve student health and well-being, all foods and beverages outside the reimbursable school meal programs that are sold to students on the school campus during the school day* will meet or exceed the USDA Smart Snacks nutrition standards. These standards will apply in all locations and through all services where foods and beverages are sold, which may include, but are not limited to, a la carte options in cafeterias, vending machines, school stores, and snack or food carts.

Further information may be obtained by calling the school office. Priority Charter Schools may provide transportation in school vehicles for educational field trips and participation in athletic and other extra-curricular events.

Riding a school vehicle is a privilege. Drivers have the authority to maintain discipline and require seating charts. When riding a school vehicle, students are held to behavioral standards established in this Handbook and the Student Code of Conduct. Students must:

1. Follow the driver's directions at all times.
2. Enter and leave the vehicle in an orderly manner.

Transcripts and Academic Achievement Records

Priority Charter Schools maintains an academic achievement record (or transcript) for each student enrolled. Transcripts list personal student data, give complete scholastic grades, and report student activities, honors, and scores on standardized achievement tests. Requests for transcripts should be made through www.parchment.com. Payments should be made at the time of the request. Official transcripts may be picked up from the campus registrar five business days after the request is submitted except at the end of the semester. Grade point averages and class rank are recalculated at the end of each semester and updated transcripts are not available until the end of the third business week after the end of the semester.

Displaying a Student's Artwork, Projects, Photos, and Other Original Work

Teachers may display student work in classrooms or elsewhere on campus as recognition of student achievement. However, Priority Charter Schools will seek parental consent before displaying student artwork, special projects, photographs taken by students, and other original works on the Priority Charter Schools' website, on any campus or classroom website, in printed materials, by video, or by any other method of mass communication. Priority Charter Schools will also seek consent before displaying or publishing an original video or voice recording in this manner.

School Materials

Publications prepared by and for Priority Charter Schools may be posted or distributed with prior approval by the Principal or designee. Such items may include school posters, brochures, murals, etc.

Non-school literature shall not be distributed by students on Priority Charter Schools' property if:

- The materials are obscene, vulgar, or otherwise inappropriate for the age and maturity of the audience.
- The materials endorse actions endangering the health or safety of students.

Written or printed materials, handbills, photographs, pictures, films, tapes, or other visual or auditory materials over which Priority Charter Schools does not exercise control shall not be sold, circulated, or distributed by persons or groups not associated with Priority Charter Schools or a school support group on school premises unless the person or group obtains specific prior approval from the Superintendent or designee. The requestor may appeal to the Superintendent or designee's decision in accordance with Board policy.

Electronic Devices and Technology Resources

Possession and Use of Personal Telecommunications Devices, Including Cell Phones, and Other Electronic Devices

Priority Charter Schools permits students to possess personal cell phones for safety purposes; however, these devices **must remain turned off during the instructional day, including during all testing**, unless they are being used for approved instructional purposes.

A student must also have approval to possess other personal telecommunications devices at school, such as netbooks, laptops, tablets, or other portable computers.

Students are not permitted to possess or use personal electronic devices (such as MP3 players, video or audio records, DVD players, cameras, games, or similar electronic devices) at school unless prior permission has been obtained. If a student has unauthorized personal electronic or telecommunication devices at school, school staff will collect the items and turn them in to the Principal's office. The Principal will determine whether to return the item(s) to students at the end of the day or contact a parent to pick up the item(s).

The use of mobile telephones or any device capable of capturing images is strictly prohibited in restroom areas or other sensitive areas while at school or at a school-related or school-sponsored event.

If a student uses a telecommunications device (such as a cell phone) without authorization during the school day, the device will be confiscated. If a student and parent have executed a waiver permitting the student to possess an electronic communication device at school, school officials may power on and search the device if there is a reasonable cause to believe that the device has been used in the transmission or reception of communications prohibited by law, policy, or regulation. A confiscated device may be picked up from the Principal's office for a fee of \$15. Confiscated telecommunications devices that are not retrieved by the student or a parent will be disposed of after the notice required by law.

Any disciplinary action will be in accordance with the Student Code of Conduct.

Priority Charter Schools will not be responsible for damage to or loss or theft of confiscated personal devices.

Instructional Use of Personal Telecommunications and Other Electronic Devices

Students must obtain prior approval to use personal telecommunications or other personal electronic devices for instructional purposes while on campus. Students must also sign a user agreement, separate from this Handbook, which contains applicable rules for use.

All personal devices must be turned off during the instructional day when not in use for approved instructional purposes. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action. Priority Charter Schools is not responsible for any damaged, lost, or stolen personal devices.

Acceptable Use of Technology Resources

School-owned technology resources for instructional purposes may be issued to individual students. Use of these technological resources, which include Priority Charter Schools' network systems and use of school equipment, is restricted to approved purposes only. Students and parents will be asked to sign an Acceptable Use Agreement Acknowledgment Form regarding use of these school resources. Violations of the user agreement may result in withdrawal of privileges and other disciplinary action.

Unacceptable and Inappropriate Use of Technology Resources

Students are prohibited from possessing, sending, forwarding, posting, accessing, or displaying electronic messages that are abusive, obscene, sexually oriented, threatening, harassing, damaging to another's reputation, or illegal. This prohibition also applies to conduct off school property, whether the equipment used to send such messages is district-owned or personally owned, if it results in a substantial disruption to the educational environment.

Any person taking, disseminating, transferring, possessing, or sharing obscene, sexually oriented, lewd, or otherwise illegal images or other content, commonly referred to as "sexting," will be disciplined according to the Student Code of Conduct, may be required to complete an educational program related to the dangers of this type of behavior, and, in certain circumstances, may be reported to law enforcement. Because engaging in this type of behavior can lead to bullying or harassment, as well as possibly impede future endeavors of a student, we encourage you to review with your child the "[Before You Text: Sexting & Bullying Prevention, Education & Intervention Course](#)," a state-developed program that addresses the consequences of engaging in inappropriate behavior using technology.

In addition, any student who engages in conduct that results in a breach of Priority Charter Schools' computer security will be disciplined in accordance with the Student Code of Conduct, and, in some cases, the consequence may rise to the level of expulsion.

Pledges of Allegiance and Moment of Silence

Each school day, students will recite the Pledge of Allegiance to the United States flag and the Pledge of Allegiance to the Texas flag. Parents may submit a written request to the Superintendent or designee to excuse their student from reciting a pledge.

State law requires that one minute of silence will follow recitation of the pledges. Each student may choose to reflect, pray, meditate, or engage in any other silent activity during that minute so long as the silent activity does not interfere with or distract others. In addition, state law requires that Priority Charter Schools provide for the observance of one minute of silence at the beginning of the first-class period when September 11 falls on a regular school day in remembrance of those who lost their lives on September 11, 2001.

State law does not allow your child to be excused from participation in the required minute of silence or silent activity that follows.

Recitation of the Declaration of Independence

State law requires students in social studies classes in grades 3–12 to recite a portion of the text of the Declaration of Independence during “Celebrate Freedom Week.” A student will be exempted from this requirement if a parent provides a written statement requesting that the student be excused, Priority Charter Schools determines that the student has a conscientious objection to the recitation, or the parent is a representative of a foreign government to whom the United States extends diplomatic immunity.

Prayer and Meditation

Students have a right to individually, silently, and voluntarily pray or meditate in school in a manner that does not disrupt instructional or other school activities. Priority Charter Schools will not require, encourage, or coerce a student to engage in or refrain from such prayer or mediation during any school activity.

SECTION 2: STUDENT HEALTH AND SAFETY

Health-Related Resources, Policies, and Procedures

Mental and Physical Health Resources

Parents and students in need of assistance with physical and mental health concerns may contact the following campus and community resources:

- Executive Director of Special Programs, Lori Hensley, Phone: 254-206-2013, Email: lhensleys@prioritycharter schools.org.

Policies and Procedures that Promote Student Physical and Mental Health

Priority Charter Schools has adopted Board policies that promote student physical and mental health, including:

- Food and nutrition management,
- Wellness and health services,
- Physical examinations,
- Immunizations,
- Medical treatment,
- Communicable diseases,
- Crisis intervention,
- Trauma-informed care,
- Student safety,
- Child abuse and neglect,
- Freedom from discrimination, harassment, and retaliation, and

Priority Charter Schools has also developed administrative procedures as necessary to implement these policies. Please contact the Executive Director of Operations for information on these policies and procedures.

Alcohol-Free School Notice

To provide a safe and alcohol-free environment for students and employees, all alcoholic beverages are prohibited on Priority Charter Schools' property at all times, and at all school-sanctioned activities occurring on or off school property. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

Tobacco and E-Cigarettes Prohibited

Students are prohibited from possessing or using any type of tobacco product, electronic cigarette (e-cigarette), or any form of smokeless tobacco or electronic vaporizing product while on school property or while attending an off-campus school-related activity. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct. Effective September 1, 2023, Texas House Bill, makes the possession, use, selling, giving, or delivering to another person an e-cigarette a Mandatory DAEP Placements if a student is on school property or within 300 feet of school property, or while attending a school event whether on or off school property.

All offenses deemed mandatory offenses under the Texas Education Code is mandatory removal from Priority Charter Schools for the remainder of the school year. However, the State of Texas has allowed an exception to this rule for a district to use In-School Suspension (ISS) along with a combination of Out-of-School Suspension (OSS) if a district's DAEP is full or the district does not operate a DAEP. Priority Charter Schools will have a

mandatory 4-days ISS if a student is caught in possession of an e-cigarette and mandatory removal if caught using an e-cigarette on school property or while attending an off-campus school-related activity.

Drug-Free School Notice

Priority Charter Schools believes that student use of illicit drugs is both wrong and harmful. Consequently, Priority Charter Schools prohibits the use, sale, possession, or distribution of illicit drugs by students on school premises or any school activity, regardless of its location. Priority Charter Schools also prohibits the use, sale, possession, or distribution of look-alike substances and/or synthetic substances designed to imitate the look and/or effects of illicit drugs. Student violators are subject to possible prosecution, as allowed by law, as well as the disciplinary terms of the Student Code of Conduct.

Asbestos Management Plan

Priority Charter Schools works diligently to maintain compliance with federal and state law governing asbestos in school buildings and has developed an Asbestos Management Plan. If you have any questions or would like to examine the school's plan in more detail, please contact the Executive Director of Operations.

Bacterial Meningitis Information

State law requires Priority Charter Schools to provide the following information about bacterial meningitis:

What is bacterial meningitis?

Meningitis is an inflammation of the covering of the brain and spinal cord. It can be caused by viruses, parasites, fungi, and bacteria. Viral meningitis is the most common and the least serious. Meningitis caused by bacteria is the most likely form of the disease to cause serious, long-term complications. It is an uncommon disease but requires urgent treatment with antibiotics to prevent permanent damage or death.

Bacterial meningitis can be caused by multiple organisms. Two common types are *Streptococcus pneumoniae*, with over 80 serogroups that can cause illness, and *Neisseria meningitidis*, with 5 serogroups that most commonly cause meningitis.

What are the symptoms?

Someone with meningitis will become very ill. The illness may develop over one or two days, but it can also rapidly progress in a matter of hours. Not everyone with meningitis will have the same symptoms.

Children (over 1 year old) and adults with bacterial meningitis may have a severe headache, high temperature, vomiting, sensitivity to bright lights, neck stiffness, and drowsiness or confusion. In both children and adults, there may be a rash of tiny, red-purple spots. These can occur anywhere on the body.

The diagnosis of bacterial meningitis is based on a combination of symptoms and laboratory results.

How serious is Bacterial Meningitis?

If it is diagnosed early and treated promptly, the majority of people make a complete recovery. If left untreated or treatment is delayed, bacterial meningitis can be fatal, or a person may be left with a permanent disability.

How does bacterial meningitis spread?

Fortunately, none of the bacteria that cause meningitis are as contagious as diseases like the common cold or the flu, and they are not spread by simply breathing the air where a person with meningitis has been. The germs live naturally in the back of our noses and throats, but they do not live for long outside the body. They are spread when people exchange saliva (such as by kissing; sharing drinking containers, utensils, or cigarettes) or when people cough or sneeze without covering their mouth and nose.

The bacteria do not cause meningitis in most people. Instead, most people become carriers of the bacteria for days, weeks or even months. The bacteria rarely overcome the body's immune system and cause meningitis or another serious illness.

How can bacterial meningitis be prevented?

Vaccination: Bacterial meningitis caused by *Streptococcus pneumoniae* and *Neisseria meningitidis* may be prevented through vaccination. The vaccine which protects against *Streptococcus pneumoniae* is called pneumococcal conjugate vaccine or PCV. This vaccine is recommended by the Advisory Council on Immunization Practices (ACIP) for children in the first year of life. *Neisseria meningitidis* is prevented through two types of vaccines. The first is a meningococcal conjugate vaccine which protects against 4 serogroups A, C, W, and Y and is referred to as MCV4. The second is a vaccine against *Neisseria meningitidis* serogroup B and is referred to as MenB.

The ACIP recommends MCV4 for children at age 11-12 years, with a booster dose at 16-18 years. In Texas, one dose of MCV4 given at or after age 11 years is required for children in 7th-12th grades. One dose of MCV4 received in the previous five years is required in Texas for those under the age of 22 years and enrolling in college. Teens and young adults (16-23 years of age) may be vaccinated with MenB. This vaccine is not required for school or college enrollment in Texas.

Vaccines to protect against bacterial meningitis are safe and effective. Common side effects include redness and pain at the injection site lasting up to two days. Immunity develops about 1-2 weeks after the vaccines are given and lasts for 5 years to life depending on vaccine.

Healthy Habits: Do not share food, drinks, utensils, toothbrushes, or cigarettes. Wash your hands. Limit the number of persons you kiss. Cover your mouth and nose when you sneeze or cough. Maintaining healthy habits, like getting plenty of rest and not having close contact with people who are sick, also help.

Who is at risk for Bacterial Meningitis?

Certain groups are at increased risk for bacterial meningitis caused by *Neisseria meningitidis*. These risk factors include HIV infection, travel to places where meningococcal disease is common (such as certain countries in Africa and in Saudi Arabia), and college students living in a dormitory. Other risk factors include having a previous viral infection, living in a crowded household, or having an underlying chronic illness.

Children ages 11-15 years have the second highest rate of death from bacterial meningitis caused by *Neisseria meningitidis*. And children ages 16-23 years also have the second highest rates of disease caused by *Neisseria meningitidis*.

What should you do if you think you or a friend might have bacterial meningitis?

You should seek prompt medical attention.

For more information.

Your school nurse, family doctor, and the staff at your local or regional health department office are excellent sources for information on all infectious diseases. You may call your family doctor or [local health department](#) office to ask about meningococcal vaccine. Additional information may also be found at the web sites for the Centers for Disease Control and Prevention (CDC):

- <https://www.cdc.gov/meningitis/index.html>

and the Texas Department of State Health Services:

- <https://www.dshs.texas.gov/immunize/PreteenVaccines.aspx> or
- <https://dshs.texas.gov/IDCU/disease/meningitis/Meningitis.aspx>.

Note: DSHS requires at least one meningococcal vaccination on or after a student’s 11th birthday, unless the student received the vaccine at age 10. Also note that entering college students must show, with limited exception, evidence of receiving a bacterial meningitis vaccination within the five-year period prior to enrolling in and taking courses at an institution of higher education. Please note that this may affect a student who wishes to enroll in a dual credit course taken off campus.

Communicable Diseases

To protect other students from contagious illnesses, students infected with certain diseases are not allowed to come to school while contagious. Parents of students with a communicable or contagious disease should notify the Principal or designee so that other students who might have been exposed to the disease can be alerted. School authorities will report those students who are suspected of having a reportable condition. A list of reportable conditions can be found on the Texas Department of State Health Services website at: <http://www.dshs.state.tx.us/idcu/investigation/conditions/>.

Any student excluded from school attendance for reason of communicable disease may be readmitted by one or more of the following methods, as determined by the local health authority:

- Certificate of the attending physician, advanced practice nurse, or physician assistant attesting that the child does not currently have signs or symptoms of a communicable disease or to the disease’s non-infectiousness in a school setting.
- Submitting a permit for readmission issued by a local health authority; or
- Meeting readmission criteria as established by the commissioner of health.

Please contact the school nurse if you have questions or if you are concerned about whether a child should stay home.

Immunization Requirements

The State of Texas requires that every child in the state be immunized against preventable diseases caused by infectious agents, in accordance with an established immunization schedule. To determine the specific number of doses that are required for your student, please read the “2024-2025 Texas Minimum State Vaccine Requirements for Students.” Specific immunization information is available on the Texas Department of State Health Services website at <https://www.dshs.texas.gov/immunize/school/>.

Proof of immunization may be personal records from a licensed physician or public health clinic with a signature or rubber-stamp validation.

Provisional Enrollment

A student may be provisionally admitted to or enrolled in Priority Charter Schools if the student has an immunization record that indicates the student has received at least one dose of each specified age-appropriate vaccine required by law. To remain enrolled, the student must continue to receive the necessary immunizations as rapidly as medically feasible and complete the required subsequent doses in each vaccine series on schedule and as rapidly as is medically feasible. The student and/or parent must also provide acceptable evidence of vaccination to Priority Charter Schools.

A nurse or school administrator shall review the immunization status of a provisionally enrolled student every 30 days to ensure continued compliance in completing the required doses of vaccination. If, at the end of the 30-day period, a student has not received a subsequent dose of vaccine, the student is not in compliance and Priority Charter Schools shall exclude him or her from school attendance until the required dose is administered.

Homeless Students: A student who is homeless, as defined by federal law, shall be admitted temporarily for 30 days

if acceptable evidence of vaccination is not available. Priority Charter Schools shall promptly refer the student to appropriate public health programs to obtain the required vaccinations.

Children in Foster Care: A student who is a “child in foster care” as defined by 45 C.F.R. § 1355.20(a) shall be admitted temporarily for 30 days if acceptable evidence of vaccination is not available. Priority Charter Schools shall promptly refer the student to an appropriate health provider to obtain the required vaccinations.

Transfer Students: A student can be enrolled provisionally for no more than 30 days if the student transfers from one Texas school to another and is awaiting the transfer of the immunization record.

Military Dependents: A military dependent can be enrolled provisionally for no more than 30 days if the student transfers from one school to another and is awaiting the transfer of the immunization record. The collection and exchange of information pertaining to immunizations with respect to military dependents shall be subject to confidentiality provisions prescribed by federal law.

Exclusions from Immunization Requirements

Exclusions from immunization requirements are allowable on an individual basis for medical reasons, reasons of conscience (including a religious belief), and active duty with the armed forces of the United States.

To claim exclusion for medical reasons, the student must present a statement signed by the student’s physician (M.D. or D.O.), duly registered and licensed to practice medicine in the United States who has examined the student, in which it is stated that, in the physician’s opinion, the vaccine required is medically contraindicated or poses a significant risk to the health and well-being of the student or any member of the student’s household. Unless it is written in the statement that a lifelong condition exists, the exemption statement is valid for only one year from the date signed by the physician.

To claim an exclusion for reasons of conscience, including a religious belief, a signed Texas Department of State Health Services affidavit must be presented by the student’s parent, stating that the student’s parent declines vaccinations for reasons of conscience, including because of the person’s religious beliefs. The affidavit will be valid for a period of two years. The form affidavit may be obtained by writing to the Texas Department of State Health Services Immunization Branch (MC 1946), P.O. Box 149347, Austin, Texas 78714-9347, or online at [Affidavit Request for Exemption from Immunization](#). The form must be submitted to the Superintendent or designee within 90 days from the date it is notarized. If the parent is seeking an exemption for more than one student in the family, a separate form must be provided for each student. Students who have not received the required immunizations for reasons of conscience, including religious beliefs, may be excluded from school in times of emergency or epidemic declared by the commissioner of public health.

To claim exclusion for armed forces, the student must prove that he or she is serving on active duty with the armed forces of the United States.

Immunization Records Reporting

The school’s record of a student’s immunization history, while private in most instances, may be inspected by the Texas Education Agency (“TEA”), local health departments, and Texas Department of State Health Services and transferred to other schools associated with the transfer of the student to those schools.

Emergency Medical Treatment

If a student has a medical emergency at school or a school-related activity and the parent cannot be reached, Priority Charter Schools’ staff will seek emergency medical treatment unless the parent has previously provided a written statement denying this authorization. Therefore, parents are asked each year to complete an emergency care consent form. Parents should keep emergency care information up-to-date (name of doctor, emergency phone numbers, allergies, etc.). Please contact the campus registrar to update any information.

Student Illness

When your child is ill, please contact the school to let us know he or she will not be attending that day. Students must be fever-free without the use of fever-reducing medication and must be free of vomiting/diarrhea without the use of diarrhea suppressing medication for at least 24 hours before returning to school.

If a student becomes ill during the school day, he or she must receive permission from the teacher before reporting to the front office. If the school determines that the child should go home, the school will contact the parent.

Head Lice

Head lice (which are not an illness or disease) are common among children, and may spread easily through contact during play or when students share items such as headphones, brushes, combs, hats, or other items that come in contact with hair.

Priority Charter School does not require or recommend that students be removed from school because of lice or nits.

If Priority Charter Schools observes that a student may have head lice, an appropriate administrator will contact the student's parent to determine whether the student needs to be sent home and to discuss a plan for treatment with an FDA-approved medicated shampoo or cream rinse. When an elementary student has head lice, Priority Charter Schools will also provide written notice to the student's parent and the parents of each child assigned to the same classroom as required by state law.

Administration of Medication

Medication should be administered at home whenever possible. If necessary, medication can be administered at school by the school nurse under the following circumstances:

1. Nonprescription medication brought to school must be submitted to Priority Charter Schools by a parent along with a written request. The medication must also be in the original and properly labeled container.
2. Prescription medications administered during school hours must be prescribed by a physician or advanced nurse practitioner ("ANP") and filled by a pharmacist licensed in the State of Texas. **In accordance with the Texas Board of Nursing Practice Act, Priority Charter Schools will not administer medications prescribed or fulfilled in Mexico.**
3. Prescription medications must be submitted in a labeled container showing the student's name, name of the medication, reason the medication is being given, proper dosage amounts, the time the medication must be taken, and the method used to administer the medication. Medications sent in plastic baggies or unlabeled containers will NOT be administered.
4. If the substance is herbal or a dietary supplement, it must be provided by the parent and will be administered only if required by the student's IEP or Section 504 plan for a student with disabilities.
5. Only the amount of medication needed should be delivered to Priority Charter Schools, *i.e.*, enough medication to last one day, one week, etc. In cases of prolonged need, send in the amount for a clearly specified period. Extra medication will not be sent home with the student.
6. In certain emergency situations, Priority Charter Schools may administer a nonprescription medication to a student, but only in accordance with the guidelines developed by the school's medical advisor and when the parent has previously provided written consent for emergency treatment.

Changes to daily medications require written instruction from the physician or ANP and written permission from the parent. Parents are responsible for advising Priority Charter Schools that a medication has been discontinued.

Asthma and Anaphylaxis Medication

Asthma and anaphylaxis are life-threatening conditions, and students with those conditions are entitled to possess

and self-administer prescription medication while on Priority Charter Schools' property or at school-related events.

Student possession and self-administration of asthma or anaphylaxis medication at school requires the student to demonstrate his or her ability to self-administer the medication to the student's physician or other licensed health care provider and the school nurse, if available. Requirements also include written authorization from the student's parent and physician or other licensed health care provider on file in the school office indicating the student is capable of independently administering his or her own asthma or emergency anaphylaxis medication. Medication in a student's possession must be in an original container with a prescription label. Please note that most pharmacies will place a label on the inhaler device upon request.

Seizure Management Plan

The parent of a student with a seizure disorder may seek care for the student's seizures while the student is at school or participating in a school activity by submitting to Priority Charter Schools a copy of a seizure management and treatment plan developed by the parent and the physician responsible for the student's seizure treatment. The plan must be submitted to and reviewed by Priority Charter Schools:

1. Before or at the beginning of the school year.
2. On enrollment of the student if the student enrolls after the start of the school year; or
3. As soon as practicable following a diagnosis of a seizure disorder for the student.

A seizure management and treatment plan must:

1. Identify the health care services the student may receive at school or while participating in a school activity.
2. Evaluate the student's ability to manage and level of understanding of the student's seizures; and
3. Be signed by the student's parent and the physician for the student's seizure treatment.

Steroid Notice

State law prohibits students from possessing, dispensing, delivering, or administering anabolic steroids. Anabolic steroids are for medical use only, and only a physician can prescribe use.

Priority Charter Schools does not permit steroid use. A notice shall be posted in a conspicuous location in the school gym or in any other place in a building where physical education classes are conducted.

Dyslexia and Related Disorders

From time to time, students may be tested and, where appropriate, treated for dyslexia and related disorders in accordance with programs, rules and standards approved by the State of Texas. The program approved by the state must include screening at the end of the school year for each student in kindergarten and each student in the first grade. Parents will be notified should Priority Charter Schools determine a need to identify or assess their student for dyslexia and related disorders.

Health Screenings

Athletics Participation

For certain extracurricular activities, a student must submit to certification from an authorized health-care provider. The certification must state that the student has been examined and is physically able to participate in the relevant program, including:

- Athletics program.
- Marching band; or
- Any extracurricular programs identified by the Superintendent.

Students should be aware of the rare possibility of sudden cardiac arrest, which in athletes is usually caused by a

previously unsuspected heart disease or disorder.

Fitness Testing

According to requirements under state law, Priority Charter Schools will annually assess the physical fitness of students. Priority Charter Schools is not required to assess a student for whom, as a result of disability or other condition identified by rule or law, the assessment exam is inappropriate.

Spinal Screening

School-based spinal screening helps identify adolescents with abnormal spinal curvature and refer them for appropriate follow-up by their physician. Screening can detect scoliosis at an early stage when the curve is mild and may go unnoticed. Early detection is key to controlling spinal deformities.

All students who meet Texas Department of State Health Services criteria will be screened for abnormal spinal curvature before the end of the school year. Spinal screening is non-invasive and conducted following the most recent, nationally accepted, and peer-reviewed standards for spinal screening.

A parent who declines participation in the spinal screening provided by Priority Charter Schools must submit to the Principal or designee documentation of a professional examination, which includes the results of a forward-bend test. This documentation must be submitted to Priority Charter Schools during the year the student is scheduled for screening or, if the professional exam is obtained during the following summer, at the beginning of the following school year.

Exemption: A student is exempt from screening if the screening conflicts with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or member. To qualify for the exemption, the student's parent, managing conservator, or guardian must submit to the Superintendent or designee on or before the day of the screening procedure an affidavit stating the objections to screening.

Vision and Hearing Screenings

All children enrolled in Texas schools must be screened for possible vision and hearing problems in accordance with regulations issued by the Texas Department of State Health Services. Students in certain grade levels identified by state regulations shall be screened for vision and hearing problems annually. A student may be screened using photo screening to detect vision disorders.

Screening records for individual students may be inspected by the Texas Department of State Health Services or a local health department and may be transferred to another school without parental consent.

Exemption: A student is exempt from screening requirements if screening conflicts with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or a member. To qualify for the exemption, the individual or, if the individual is a minor, the minor's parent, managing conservator, or guardian, must submit to the Superintendent or designee on or before the day of admission an affidavit stating the objections to screening.

Acanthosis Screening for Diabetes

Children in certain grades identified by the state must be screened for warning signs of diabetes.

Exemption: A student is exempt from screening if the screening conflicts with the tenets and practices of a recognized church or religious denomination of which the individual is an adherent or member. To qualify for the exemption, the student's parent must submit to the Principal or designee on or before the day of the screening procedure an affidavit stating the objections to screening.

Preparedness Training

Priority Charter Schools will annually offer instruction in CPR at least once to students in grades 7–12. The instruction may be provided as part of any course and is not required to result in CPR certification.

Priority Charter Schools will annually offer students in grades 7–12 instruction on the use of bleeding control stations to respond to traumatic injury. For more information, see [Homeland Security’s Stop the Bleed](#) and [Stop the Bleed Texas](#).

Freedom from Discrimination, Harassment, and Retaliation

Statement of Nondiscrimination

Priority Charter Schools prohibits discrimination, including harassment, against any student on the basis of race, color, religion, sex or gender, national origin, disability, age, or any other basis prohibited by law. Retaliation against anyone involved in the complaint and/or grievance process is a violation of school policy.

Discrimination and Harassment (Prohibited Conduct)

For purposes of Priority Charter Schools policy, the term “Prohibited Conduct” means discrimination or harassment against a student involving conduct directed at a student on the basis of race, color, religion, gender or sex, national origin, disability, age, or any other basis prohibited by law and that adversely affects the student, and/or that is so severe, persistent, or pervasive that the conduct:

- Affects a student’s ability to participate in or benefit from an educational program or activity, or creates an intimidating, threatening, hostile, or offensive educational environment.
- Has the purpose or effect of substantially or unreasonably interfering with the student’s academic performance; or
- Otherwise adversely affects the student’s educational opportunities.

Examples of Prohibited Conduct may include offensive or derogatory language directed at another person’s religious beliefs or practices, accent, skin color, or need for accommodation; threatening or intimidating conduct; offensive jokes; name calling, slurs, or rumors; physical aggression or assault; display of graffiti or printed material promoting racial, ethnic, or other negative stereotypes; or other kinds of aggressive conduct such as theft or damage to property.

As noted above, Priority Charter Schools also considers gender-based harassment to be Prohibited Conduct. Gender-based harassment includes harassment based on a student’s gender, expression by the student of stereotypical characteristics associated with the student’s gender, or the student’s failure to conform to stereotypical behavior related to gender. Examples of gender-based harassment directed against a student, regardless of the student’s or the harasser’s actual or perceived sexual orientation or gender identity, may include, but not be limited to, offensive jokes, name-calling, slurs, or rumors; physical aggression or assault; threatening or intimidating conduct; or other kinds of aggressive conduct such as theft or damage to property.

Retaliation

Retaliation against a person who makes a good faith report of Prohibited Conduct (meaning discrimination or harassment) is prohibited. Retaliation against a person who is participating in an investigation of reported Prohibited Conduct is also prohibited. A person who makes a false claim or offers false statements or refuses to cooperate with a Priority Charter Schools investigation, however, may be subject to appropriate discipline.

Examples of retaliation may include threats, rumor spreading, ostracism, assault, destruction of property, unjustified punishments, or unwarranted grade reductions. Unlawful retaliation does not include petty slights or annoyances.

Reporting Prohibited Conduct

****NOTE**** The following procedures apply to allegations of Prohibited Conduct other than allegations of discrimination prohibited by Title IX. For allegations of sex discrimination that, if proved, would meet the definition

of a complaint of sex discrimination under Title IX, please see the procedures outlined in “Freedom from Sex Discrimination” in this Handbook.

Any student who believes that he or she has experienced Prohibited Conduct or retaliation or believes that another student has experienced Prohibited Conduct or retaliation should immediately report the alleged conduct to a teacher, counselor, the Principal or designee, or other school employee. The report may be made by the student’s parent. Alternatively, a report may be made directly to the appropriate Compliance Coordinator identified in this Handbook.

Upon receiving a report of potential Prohibited Conduct, Priority Charter Schools will determine whether the allegations, if proven, would constitute prohibited discrimination, harassment, or retaliation. If not, Priority Charter Schools will determine if the allegations, if proven, would constitute bullying. If the alleged Prohibited Conduct, if proven, would constitute discrimination or harassment and would also be considered bullying, an investigation of bullying will also be conducted.

Investigation

To the extent possible, Priority Charter Schools will respect the privacy of the student; however, limited disclosures may be necessary to conduct a thorough investigation and to comply with law. Allegations of Prohibited Conduct will be promptly investigated.

The investigation may be conducted by the Compliance Coordinator or designee, or by a third party designated by Priority Charter Schools, such as an attorney. When appropriate, the Principal or the student’s teacher(s) will be involved in or informed of the investigation.

If a law enforcement or other regulatory agency notifies Priority Charter Schools that it is investigating the matter and requests that the school delay its investigation, Priority Charter Schools will resume the investigation at the conclusion of the agency’s investigation.

During the course of an investigation and when appropriate, Priority Charter Schools will take interim action to address the alleged Prohibited Conduct.

If Priority Charter Schools’ investigation indicates that Prohibited Conduct occurred, appropriate disciplinary action and, in some cases, corrective action, will be taken to address the conduct. Priority Charter Schools may take disciplinary and corrective action even if the conduct that is the subject of the complaint was not unlawful.

All involved parties will be notified of the outcome of the investigation within the parameters and limits allowed under the Family Educational Rights and Privacy Act (“FERPA”).

Appeal

A student or parent who is dissatisfied with the outcome of the investigation of reported Prohibited Conduct may appeal through the Priority Charter Schools student and parent complaint and/or grievance procedure, beginning at Level II.

Freedom from Sex Discrimination

Priority Charter Schools does not discriminate on the basis of sex and prohibits sex discrimination in any education program or activity that it operates, as required by Title IX, including admission and employment.

Sex-based harassment is a form of sex discrimination and means sexual harassment and other harassment on the basis of sex, including on the bases of sex stereotypes, sex characteristics, pregnancy or related conditions, sexual orientation, and gender identity, that is:

1. *Quid pro quo harassment* – An employee, agent, or other person authorized by Priority Charter Schools to provide an aid, benefit, or service under the school’s education program or activity explicitly or impliedly conditioning the provision of such an aid, benefit, or service on a person’s participation in unwelcome sexual conduct.

2. *Hostile environment harassment* – Unwelcome sex-based conduct that, based on the totality of the circumstances, is subjectively and objectively offensive and is so severe or pervasive that it limits or denies a person’s ability to participate in or benefit from Priority Charter Schools’ education program or activity (*i.e.*, creates a hostile environment). Whether a hostile environment has been created is a fact-specific inquiry that includes consideration of the following:
 - a. The degree to which the conduct affected the complainant’s ability to access Priority Charter Schools’ education program or activity.
 - b. The type, frequency, and duration of the conduct.
 - c. The parties’ ages, roles within Priority Charter Schools, previous interactions, and other factors about each party that may be relevant to evaluating the effects of the conduct.
 - d. The location of the conduct and the context in which the conduct occurred; and
 - e. Other sex-based harassment in Priority Charter Schools’ program or activity

3. *Specific offenses* –
 - a. Sexual assault, meaning an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.
 - b. Dating violence, meaning violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the following factors: (i) the length of the relationship; (ii) the type of relationship; and (iii) the frequency of interaction between the persons involved in the relationship.
 - c. Domestic violence, meaning felony or misdemeanor crimes committed by a person who: (i) is a current or former spouse or intimate partner of the victim under the family or domestic violence laws of Texas or a person similarly situated to a spouse of the victim; (ii) is cohabitating, or has cohabitated, with the victim as a spouse or intimate partner; (iii) shares a child in common with the victim; or (iv) commits acts against a youth or adult victim who is protected from those acts under the family or domestic violence laws of Texas.
 - d. Stalking, meaning engaging in a course of conduct directed at a specific person that would cause a reasonable person to: (i) fear for the person’s safety or the safety of others; or (b) suffer substantial emotional distress.

General Definitions

A “complainant” means a student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX; or a person other than a student or employee who is alleged to have been subjected to conduct that could constitute sex discrimination under Title IX who was attempting to participate in Priority Charter Schools’ education program or activity at the time the alleged sex discrimination.

A “complaint” means an oral or written request to Priority Charter Schools that objectively can be understood as a request for the school to investigate and make a determination about alleged discrimination under Title IX.

A “confidential employee” means an employee whose communications are privileged or confidential under state or federal law and employees designated by Priority Charter Schools as a confidential employee. These employees must provide information to any person, who informs them of conduct that reasonably may constitute sex discrimination about their status as a confidential employee and provide the individual with the contact information for the Title IX

Coordinator, and how they can help.

“Pregnancy or related conditions” means (i) pregnancy, childbirth, termination of pregnancy, or lactation; (ii) medical conditions related to pregnancy, childbirth, termination of pregnancy, or lactation; or (iii) recovery from pregnancy, childbirth, termination of pregnancy, lactation, or related medical conditions.

“Relevant” means related to the allegations of sex discrimination under investigation as party of Priority Charter Schools’ grievance procedures. Questions are relevant when they seek evidence that may aid in showing whether the alleged sex discrimination occurred, and evidence is relevant when it may aid a decisionmaker in determining whether the alleged sex discrimination occurred.

“Remedies” means measures provided, as appropriate, to a complainant or any other person Priority Charter Schools identifies as having had their equal access to the school’s education program or activity limited or denied by sex discrimination. These measures are provided to restore or preserve that person’s access to the school’s education program or activity after the school determines that sex discrimination occurred.

A “respondent” means a person who is alleged to have violated Priority Charter Schools’ prohibition on sex discrimination.

“Supportive measures” means individualized measures offered as appropriate, as reasonably available, without unreasonably burdening a complainant or respondent, not for punitive or disciplinary reasons, and without fee or charge to the complainant or respondent to:

1. Restore or preserve the party’s access to Priority Charter Schools’ education program or activity, including measures that are designed to protect the safety of the parties or Priority Charter Schools’ educational environment; or
2. Provide support during Priority Charter Schools’ grievance procedures or during the informal resolution process.

Reporting Sex Discrimination

Any person may report sex discrimination (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination) in person, by mail, by telephone, or by email, using the contact information listed for the Title IX Coordinator, Robin Osburn, email at rosburn@prioritycharterschools.org, or by any other means that results in Priority Charter Schools being made aware of the report.

Response to Sex Discrimination

Priority Charter Schools must respond promptly and effectively upon knowledge of conduct that reasonably may constitute sex discrimination in its education program or activity.

The Title IX Coordinator is responsible for monitoring Priority Charter Schools’ education program or activity for barriers to reporting information about conduct that reasonably may constitute sex discrimination under Title IX and take steps reasonably calculated to address such barriers.

i. Notification Requirements

All Priority Charter Schools employees who are not confidential employees are required to notify the Title IX Coordinator when the employee has information about conduct that reasonably may constitute sex discrimination under Title IX or this policy.

ii. Confidential Employee Requirements

Priority Charter Schools must notify all participants in its education program or activity of how to contact confidential employees, if any, excluding any employee whose confidential status is only with respect to their conducting an Institutional Review Board-approved human-subjects research study designed to gather information about sex discrimination as set out in the definition of confidential employee in this policy.

Confidential employees, if any, must explain to any person who informs the confidential employee of conduct that reasonably may constitute sex discrimination under Title IX:

1. The employee's status as confidential, including the circumstances in which the employee is not required to notify the Title IX Coordinator about conduct that reasonably may constitute sex discrimination;
2. How to contact Priority Charter Schools' Title IX Coordinator and how to make a complaint of sex discrimination; and
3. That the Title IX Coordinator may be able to offer and coordinate supportive measures, as well as initiate an informal resolution process or an investigation under Priority Charter Schools' Title IX grievance procedures.

iii. *Title IX Coordinator Requirements*

When notified of conduct that reasonably may constitute sex discrimination under Title IX, the Title IX Coordinator must take the following actions to promptly and effectively end any sex discrimination in its education program or activity, prevent its recurrence, and remedy its effect:

1. Treat the complainant and respondent equitably.
2. Offer and coordinate supportive measures, as appropriate, for the complainant. In addition, if Priority Charter Schools has initiated Title IX grievance procedures or offered an informal resolution process to the respondent, offer, and coordinate supportive measures, as appropriate, for the respondent.
3. Notify the complainant or, if the complainant is unknown, the individual who reported the conduct, of Priority Charter Schools' Title IX grievance procedures and the informal resolution process, if available and appropriate. If a complaint is made, notify the respondent of the Title IX grievance process and informal resolution process, if available and appropriate.
4. In response to a complaint, initiate the Title IX grievance process or informal resolution process, if available and appropriate and requested by all parties.
5. In the absence of a complaint or the withdrawal of any or all of the allegations in the complaint, and in the absence or termination of an informal resolution process, determine whether to initiate a complaint of sex discrimination that complies with Priority Charter Schools' Title IX grievance procedures. To make this fact-specific determination, the Title IX Coordinator must consider, at a minimum, the following factors:
 - a. The complainant's request not to proceed with initiation of a complaint.
 - b. The complainant's reasonable safety concerns regarding initiation of a complaint.
 - c. The risk that additional acts of sex discrimination would occur if a complaint were not initiated.
 - d. The severity of the alleged sex discrimination, including whether the discrimination, if established, would require the removal of a respondent from campus or imposition of another disciplinary sanction to end the discrimination and prevent its recurrence.
 - e. The age and relationship of the parties, including whether the respondent is an employee of the recipient.
 - f. The scope of the alleged sex discrimination, including information suggesting a pattern, ongoing sex discrimination, or sex discrimination alleged to have impacted multiple individuals.
 - g. The availability of evidence to assist a decisionmaker in determining whether sex discrimination occurred; and
 - h. Whether Priority Charter Schools could end the alleged sex discrimination and prevent its recurrence without initiating its Title IX grievance procedures.

If, after considering these and other relevant factors, the Title IX Coordinator determines that the conduct as alleged presents an imminent and serious threat to the health or safety of the complainant or other person, or that conduct as alleged prevents Priority Charter Schools from ensuring equal access on the basis of sex to its

education program or activity, the Title IX Coordinator may initiate a complaint.

6. If initiating a complaint under paragraph 5 above, notify the complainant prior to doing so and appropriately address reasonable concerns about the complainant's safety or the safety of others, including by providing supportive measures.
7. Regardless of whether a complaint is initiated, take other appropriate prompt and effective steps, in addition to steps necessary to effectuate the remedies provided to an individual complainant, if any, to ensure that sex discrimination does not continue or recur within Priority Charter Schools' education program or activity.

The Title IX Coordinator is not required to comply with this section upon being notified of conduct that may constitute sex discrimination if the Title IX Coordinator reasonably determines that the conduct as alleged could not constitute sex discrimination under Title IX.

iv. Supportive Measures

Priority Charter Schools must offer and coordinate supportive measures. For allegations of sex discrimination other than sex-based harassment or retaliation, Priority Charter Schools' provision of supportive measures does not require the school, its employees, or any other person authorized to provide aid, benefit, or service on the school's behalf to alter the alleged discriminatory conduct for the purpose of providing a supportive measure.

Supportive measures must not unreasonably burden either party and must be designed to protect the safety of the parties or Priority Charter Schools' educational environment and provide support during the Title IX grievance procedure or informal resolution process. These measures may include but are not limited to the following: counseling; extensions of deadlines and other course-related adjustments; campus escort services; increased security and monitoring of certain areas of the campus; restrictions on contact applied to. One or more parties; leaves of absence; changes in class, work, or extracurricular or any other activity, regardless of whether there is or is not a comparable alternative; and training and education programs related to sex-based harassment.

Priority Charter Schools may, as appropriate, modify or terminate supportive measures at the conclusion of the Title IX grievance process or at the conclusion of the informal resolution process, or may continue them beyond that point.

If the complainant or respondent is a student with a disability, the Title IX Coordinator must consult with one or more members, as appropriate, of the student's ARD Committee or Section 504 Committee to determine how to comply with the requirements of the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973 in the implementation of supportive measures.

v. Emergency Removals

Priority Charter Schools is able to remove a respondent from Priority Charter Schools' education program on an emergency basis, provided that Priority Charter Schools undertakes an individualized safety and risk analysis, determines that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sex discrimination justifies removal, and provides the respondent with notice and an opportunity to challenge the decision immediately following the removal. Priority Charter Schools' ability to do so may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504, or the Americans with Disabilities Act.

vi. Discretion to Offer Informal Resolution

At any time prior to determining whether sex discrimination occurred, Priority Charter Schools may offer to a complainant and respondent an informal resolution process, unless the complaint includes allegations that an employee engaged in sex-based harassment of a student or such a process would conflict with federal, state, or local law.

If Priority Charter Schools provides the parties an informal resolution process, and to the extent necessary, the Title IX Coordinator must also take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within Priority Charter Schools' education program or activity.

Priority Charter Schools cannot require or pressure the parties to participate in an informal resolution process, and must obtain the parties' voluntary consent to the informal resolution process and must not require waiver of the right to an investigation and determination of a complaint as a condition of enrollment or continuing enrollment, or employment or continuing employment, or exercise of any other right.

Prior to facilitating an informal resolution process, Priority Charter Schools must provide to the parties notice that explains:

- The allegations.
- The requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a complaint arising from the same allegations, such as reaching an agreement to resolution at the conclusion of the informal resolution process.
- That prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance procedures with respect to the complaint, as well as of any consequence resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.
- The potential terms that may be requested or offered in an informal resolution agreement including notice that an informal resolution agreement is binding only on the parties; and
- What information Priority Charter Schools will maintain and whether and how the school could disclose such information for use in Title IX grievance procedures if grievance procedures are initiated or resumed.

Potential terms that may be included in an informal resolution agreement include but are not limited to:

1. Restrictions on contact; and
2. Restrictions on the respondent's participation in one or more of Priority Charter Schools' education programs or activities or attendance at specific events, including restrictions Priority Charter Schools could have imposed as remedies or disciplinary sanctions had the school determined at the conclusion of the Title IX grievance procedures that sex discrimination occurred.

The informal resolution facilitator must not be the same person as the investigator or the decisionmaker and must not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Title IX Grievance Procedure

i. Submitting a Complaint

The following persons can make a complaint of sex discrimination, including complaints of sex-based harassment, requesting that Priority Charter Schools investigate and make a determination about alleged discrimination under this policy:

1. The complainant.
2. A parent, guardian, or other authorized legal representative with the legal right to act on behalf of a complainant.
3. The Title IX Coordinator, after making the determination specified in Section 2(c)(iv)(5) of this policy.
4. With respect to complaints of sex discrimination other than sex-based harassment, in addition to the persons listed in paragraphs 1-3 above, any student or employee or any person other than a student or employee who

was participating or attempting to participate in Priority Charter Schools' education program or activity at the time of the alleged sex discrimination.

ii. General Procedures

Priority Charter Schools' Title IX grievance procedure consists of the following:

1. Priority Charter Schools will treat complainants and respondents equitably.
2. Any person designated as a Title IX Coordinator, investigator, or decisionmaker does not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.
3. The decisionmaker may be the same person as the Title IX Coordinator or investigator.
4. There is a presumption that the respondent is not responsible for the alleged sex discrimination until a determination is made at the conclusion of Priority Charter Schools' Title IX grievance procedures for complaints of sex discrimination.
5. Title IX grievances will be completed within 45 days of receiving a complaint, inclusive of evaluation of a complaint, investigation, determination, and appeal. Reasonable extensions of time are available on a case-by-case basis for good cause with notice to the parties that includes the reason for the delay.
6. Reasonable steps will be taken to protect the privacy of the parties and witnesses during the pendency of Priority Charter Schools' Title IX complaint procedures, provided that the steps do not restrict the ability of the parties to obtain and present evidence, including by speaking to witnesses, subject to retaliation prohibitions; consult with their family members, confidential resources, or advisors; or otherwise prepare for or participate in the Title IX grievance process.
7. Relevant evidence that is not otherwise impermissible will be evaluated objectively – including both inculpatory and exculpatory evidence – and credibility determinations will not be based on a person's status as a complainant, respondent, or witness.
8. The following types of evidence, and questions seeking that evidence, are considered impermissible (except as allowed below) regardless of whether they are relevant:
 - a) Evidence that is protected under a privilege as recognized by federal or state law or evidence provided to a confidential employee, unless the person to whom the privilege or confidentiality is owed has voluntarily waived the privilege or confidentiality;
 - b) A party's or witness's records that are made or maintained by a physician, psychologist, or other recognized professional or paraprofessional in connection with the provision of treatment to the party or witness, unless Priority Charter Schools obtains that party's or witness's voluntary, written consent for use in the Title IX grievance procedures; and
 - c) Evidence that relates to the complainant's sexual interests or prior sexual conduct, unless evidence of the complainant's prior sexual conduct is offered to prove that someone other than the respondent committed the alleged conduct or is evidence about specific incidents of the complainant's prior sexual conduct with the respondent that is offered to prove consent to the alleged sex-based harassment. Prior consensual sexual conduct between the complainant and respondent does not by itself demonstrate or imply the complainant's consent to the alleged sex-based harassment or preclude determination that sex-based harassment occurred.

iii. Notice of Allegations

Upon initiation of Priority Charter Schools' Title IX grievance procedures, the school must provide notice of the allegations to the parties whose identities are known. The notice must include:

1. Priority Charter Schools' Title IX grievance procedures and information about any informal resolution process;
2. Sufficient information known at the time to allow the parties to respond to the allegations, including the identity of the parties involved, the conduct alleged to constitute sex discrimination, and the date(s) and

- location(s) of the alleged incident(s).
3. A statement that retaliation is prohibited; and
 4. A statement that the parties are entitled to an equal opportunity to access the relevant and not otherwise impermissible evidence or an accurate description of the evidence, and that if Priority Charter Schools provides a description of the evidence, the parties are entitled to an equal opportunity for access to the relevant and not otherwise impermissible evidence upon the request of any party.

iv. Consolidating Complaints

Priority Charter Schools may consolidate complaints as to allegations of sex discrimination against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sex discrimination arise out of the same facts or circumstances. If Priority Charter Schools decides to consolidate the complaints, it must provide notice of the additional allegations to the parties whose identities are known.

v. Dismissing a Complaint

Priority Charter Schools may dismiss a complaint of sex discrimination made through the Title IX grievance procedure for any of the following reasons:

1. Priority Charter Schools is unable to identify the respondent after taking reasonable steps to do so;
2. The respondent is not participating in the school's education program or activity and is not employed by the school;
3. The complainant voluntarily withdraws any or all of the allegations in the complaint, the Title IX Coordinator determines that, without the complainant's withdrawn allegations, the conduct that remains alleged in the complaint, if any, would not constitute sex discrimination under Title IX even if proven; or
4. Priority Charter Schools determines the conduct alleged in the complaint, even if proven, would not constitute sex discrimination under Title IX. Prior to dismissing the complaint, Priority Charter Schools must make reasonable efforts to clarify the allegations with the complainant.

Upon dismissal, Priority Charter Schools must promptly notify the complainant of the basis for the dismissal and, if the dismissal occurs after the respondent has been notified, Priority Charter Schools must also notify the respondent of the dismissal and the basis for the dismissal promptly following notification to the complainant or simultaneously if notification is in writing.

Priority Charter Schools must also notify the complainant that a dismissal may be appealed. If the dismissal occurs after the respondent has been notified of the allegations, Priority Charter Schools must also notify the respondent that the dismissal may be appealed.

If a dismissal is appealed, Priority Charter Schools must:

1. Notify the parties of any appeal, including notice of the allegations if notice was not previously provided to the respondent;
2. Implement appeal procedures equally for the parties;
3. Ensure that the decisionmaker for the appeal has been trained;
4. Provide the parties a reasonable and equal opportunity to make a statement in support of, or challenging, the outcome; and
5. Notify the parties of the result of the appeal and the rationale for the result.

If a complaint is dismissed, Priority Charter Schools must also, at a minimum, offer supportive measures to the complainant or respondent, as appropriate and require the Title IX Coordinator to take other appropriate prompt and effective steps to ensure that sex discrimination does not continue or recur within Priority Charter Schools' education

program or activity.

vi. Complaint Investigations

Priority Charter Schools must provide adequate, reliable, and impartial investigations of complaints. To do this, Priority Charter Schools will:

1. Ensure the burden is on Priority Charter Schools – not the parties – to conduct an investigation that gathers sufficient information to determine whether sex discrimination occurred;
2. Provide an equal opportunity for the parties to present fact witnesses, and other inculpatory and exculpatory evidence that is relevant and not otherwise impermissible;
3. Review all evidence gathered through the investigation process and determine what evidence is relevant and what evidence is impermissible regardless of relevance; and
4. Provide each party with an equal opportunity to access the evidence that is relevant to the allegations of sex discrimination and not otherwise impermissible in the following manner:
 - a) The parties will be provided an equal opportunity to access either the relevant and not otherwise impermissible evidence, or an accurate description of this evidence. If Priority Charter Schools provides a description the evidence, the parties will be provided with an equal opportunity to access the relevant and not otherwise impermissible evidence upon request by any party.
 - b) The parties will be provided a reasonable opportunity to respond to the evidence or to the accurate description of the evidence.
 - c) Priority Charter Schools will take reasonable steps to prevent and address the parties' unauthorized disclosure of information and evidence obtained solely through the Title IX grievance procedures. For purposes of this provision, disclosures of such information and evidence for purposes of the administrative proceedings or litigation related to the complaint of sex discrimination are authorized.

vii. Questioning Parties and Witnesses

The decisionmaker is able to question parties and witnesses to adequately assess credibility to the extent credibility to the extent credibility is both in dispute and relevant to evaluating one or more allegations of sex discrimination.

viii. Determination Whether Sex Discrimination Occurred

Following an investigation and evaluation of all relevant and not otherwise impermissible evidence, Priority Charter Schools must:

1. Use the preponderance of the evidence standard of proof to determine whether sex discrimination occurred. If the decisionmaker is not persuaded under this standard of proof that sex discrimination occurred, whatever the quantity of the evidence is, the decisionmaker must not determine that sex discrimination occurred.
2. Notify the parties in writing of the determination whether sex discrimination under Title IX occurred, including rationale for such determination and the procedures and permissible bases for the complainant and respondent to appeal, if applicable.
3. If there is a determination that sex discrimination occurred, the Title IX Coordinator is responsible to coordinate the provision and implementation of remedies to a complainant and other persons Priority Charter Schools identifies as having had equal access to the school's education program and activity limited or denied by sex discrimination, coordinate the imposition of any disciplinary sanctions on a respondent (including notification to the complainant of any such disciplinary sanctions), and take other appropriate prompt and appropriate steps to ensure that sex discrimination does not continue or recur within the school's education program or activity.
4. Priority Charter Schools may not impose discipline on a respondent for sex discrimination prohibited under Title IX unless there is a determination at the conclusion of the grievance procedure that the respondent engaged in prohibited sex discrimination.

If the decisionmaker determines that sex discrimination occurred, disciplinary consequences may be assessed in accordance with the Student Code of Conduct. Priority Charter Schools may also provide supportive measures to the complaint (or others) to remedy the effects of the sex discrimination and prevent the conduct from recurring.

ix. Appeals

A party may appeal a determination regarding responsibility through the Student or Parent Complaints and Concerns process, beginning at Level II. An appeal may be filed for a determination regarding responsibility, and from Priority Charter Schools' dismissal of a complaint or any allegations therein, on the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and
- The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against complainants or respondents generally or the individual complainant or respondent that affected the outcome of the matter.

As to appeals, Priority Charter Schools will ensure that the decision-maker(s) for the appeal is not the same person as the decision-maker(s) that reached the determination regarding responsibility or dismissal, or the investigator(s), or the Title IX Coordinator. Priority Charter Schools will provide both parties a reasonable equal opportunity to submit a written statement in support of, or challenging, the outcome.

Retaliation Prohibited

Priority Charter Schools prohibits retaliation, including peer retaliation, in its education program or activity.

When Priority Charter Schools has information about conduct that reasonably may constitute retaliation under Title IX, it is obligated to comply with 34 CFR 106.44.

Upon receiving a complaint of retaliation, Priority Charter Schools must initiate its Title IX grievance procedures or, as appropriate, an informal resolution process.

Students with Disabilities

If a complainant or respondent is an elementary or secondary student with a disability, the Title IX Coordinator must consult with one or more members, as appropriate, of the student's ARD Committee or one or more members, as appropriate, of the students Section 504 Committee, to determine how to comply with the requirements of the Individuals with Disabilities Education Act and Section 504 of the Rehabilitation Act of 1973, as applicable, throughout Priority Charter Schools' implementation of Title IX grievance procedure.

Sex-Based Discrimination Outside of Title IX

The complaint investigation and resolution process outlined above applies only to complaints alleging sex discrimination as defined by Title IX, but not to complaints alleging sex discrimination that do not constitute sex discrimination as defined under Title IX. Complaints of sex-based discrimination not covered by Title IX may be filed with the Title IX Coordinator and will be handled under the process described under "Freedom from Discrimination, Harassment, and Retaliation" as outlined above.

Freedom from Bullying

Priority Charter Schools prohibits bullying as defined below, as well as retaliation against anyone who reports or is involved in an investigation of potential bullying.

Bullying is defined in state law as a single significant act or a pattern of acts by one or more students directed at another student that exploits an imbalance of power and involves engaging in written or verbal expression, expression through electronic means, or physical conduct that:

- Has the effect or will have the effect of physically harming a student, damaging a student's property, or placing a student in reasonable fear of harm to the student's person or of damage to the student's property;
- Is sufficiently severe, persistent, or pervasive enough that the action or threat creates an intimidating, threatening, or abusive educational environment for a student; or
- Materially and substantially disrupts the educational process or the orderly operation of a classroom or the School; or
- Infringes on the rights of the victim at school.

Bullying also includes cyberbullying, which is defined by state law as bullying that is done through the use of any electronic communication device, including through the use of a cellular or other type of telephone, a computer, a camera, electronic mail, instant messaging, text messaging, a social media application, an Internet website, or any other Internet-based communication tool.

The school's anti-bullying policy applies to:

- Bullying that occurs on or is delivered to school property or to the site of a school-sponsored or school-related activity on or off school property;
- Bullying that occurs on a publicly or privately owned school bus or vehicle being used for transportation of students to or from school or a school-sponsored or school-related activity; and
- Cyberbullying that occurs off school property or outside of a school-sponsored or school-related activity if the cyberbullying:
 - Interferes with a student's educational opportunities; or
 - Substantially disrupts the orderly operation of a classroom, school, or school-sponsored or school-related activity.

Reporting Procedures

If a student believes that he or she has experienced bullying or has witnessed bullying of another student, it is important for the student or parent to notify a teacher, school counselor, the Principal, or another school employee as soon as possible to obtain assistance and intervention. The administration will investigate any allegations of bullying or other related misconduct. Priority Charter Schools will also provide notice to the parent of the alleged victim and the parent of the student alleged to have engaged in bullying. Reports of potential bullying may be submitted anonymously.

Investigation of Report

The Principal or designee shall determine whether the allegations in the report, if proven, would constitute prohibited harassment and, if so, proceed under that policy instead. The Principal or designee shall conduct an appropriate investigation based on the allegations in the report and shall take prompt interim action calculated to prevent bullying during the course of an investigation, if appropriate.

If the results of an investigation indicate that bullying occurred, the administration will take appropriate disciplinary action and may notify law enforcement in certain circumstances. Disciplinary or other action may be taken even if the conduct did not rise to the level of bullying. Available counseling options will be provided to these individuals, as well as to any students who have been identified as witnesses to the bullying.

A student who receives special education services will be disciplined for conduct meeting the definition of bullying or cyberbullying within applicable requirements under federal law, including the Individuals with Disabilities Education Act (20 U.S.C. Section 1400 *et seq.*). Priority Charter Schools may not impose discipline on a student who, after an investigation, is found to be a victim of bullying, based on that student's use of reasonable self-defense in response to the bullying.

The Principal or designee may make a report to local law enforcement authorities if, after an investigation is

completed, the Principal or designee has reasonable grounds to believe that a student engaged in conduct that constitutes an offense under Section 22.01 (Assault) or 42.07(a)(7) (Harassment), Texas Penal Code.

To the greatest extent possible, Priority Charter Schools shall respect the privacy of the complainant and/or grievant, persons against whom a report is filed, and witnesses. Limited disclosures may be necessary to conduct a thorough investigation. If a law enforcement or other regulatory agency notifies Priority Charter Schools that it is investigating the matter and requests that the school delay its investigation, Priority Charter Schools will resume the investigation at the conclusion of the agency's investigation.

A student or parent who is dissatisfied with the outcome of the investigation may appeal through the Priority Charter Schools' student and parent complaint and/or grievance procedure.

Law Enforcement Agencies

Questioning of Students

When law enforcement officers or other lawful authorities wish to question or interview a student at school, the Principal or designee will cooperate fully regarding the conditions of the interview, including without parental consent, if necessary, if the questioning or interview is part of a child abuse investigation.

In other circumstances, the Principal or designee will:

1. Verify and record the identity of the official and request an explanation of the need to question or interview the student at school.
2. Ordinarily make reasonable efforts to notify the student's parent, unless the interviewer raises what the Principal or designee considers to be a valid objection.
3. Ordinarily be present during the questioning or interview, unless the interviewer raises what the Principal or designee considers to be a valid objection.

Students Taken into Custody

State law requires Priority Charter Schools to permit a student to be taken into legal custody:

1. By a law enforcement officer if there is probable cause to believe the student has engaged in conduct that violates a penal law, delinquent conduct or conduct in need of supervision, or conduct that violates a condition of probation imposed by the juvenile court.
2. By a law enforcement officer to obtain fingerprints or photographs for comparison in an investigation.
3. By a law enforcement officer to obtain fingerprints or photographs to establish a student's identity, where the child may have engaged in conduct indicating a need for supervision, such as running away.
4. By a probation officer if there is probable cause to believe the student has violated a condition of probation imposed by the juvenile court.
5. By an authorized representative of Child Protective Services, Texas Department of Family and Protective Services ("DFPS"), a law enforcement officer, or a juvenile probation officer, without a court order, under the conditions set out in the Texas Family Code relating to the student's physical health or safety.
6. Pursuant to a properly issued directive to apprehend.
7. To comply with a properly issued directive from a juvenile court to take a student into custody.
8. To comply with an order of the juvenile court.
9. To comply with the laws of arrest.

Before a student is released to a law enforcement officer or other legally authorized person, the Principal or designee will verify the officer's identity and, to the best of his or her ability, verify the official's authority to take custody of the student.

The Principal or designee will immediately notify the Superintendent or designee and will ordinarily attempt to notify the parent unless the officer or other authorized person raises what the Principal or designee considers to be

a valid objection to notifying the parents. Because the Principal or designee does not have the authority to prevent or delay a student's release to a law enforcement officer, any notification will most likely be after the fact.

Mental Health Promotion and Intervention

Priority Charter Schools has developed protocols for providing a parent with a recommended intervention for a student with early warning signs and a possible need for early mental health or substance abuse intervention, or who has been identified as at risk of attempting suicide. Priority Charter Schools' campus principal will notify a parent within a reasonable amount of time after learning that a student has early warning signs and possible need for intervention and will also provide additional information on available counseling options.

Priority Charter Schools has also developed protocols for staff members to notify the campus principal to identify a student who may need intervention.

The campus principal can provide additional information about the school's intervention program, as well as materials on identifying risk factors, accessing resources for treatment, and accommodations available at school.

Mental Health Support (All Grade Levels)

Priority Charter Schools has implemented programs to address the following mental health, behavioral health, and substance abuse concerns:

- Mental health promotion and early intervention;
- Building skills to manage emotions, establish and maintain positive relationships, and engage in responsible decision-making;
- Substance abuse prevention and intervention;
- Suicide prevention, intervention, and post-vention (interventions after a suicide in a community);
- Grief, trauma, and trauma-informed care;
- Positive behavior interventions and supports;
- Positive youth development; and
- Safe, supportive, and positive school climates.

If a student has been hospitalized or placed in residential treatment for a mental health concern or substance abuse, Priority Charter Schools has procedures to support the student's return to school. Please contact the campus principal for additional information.

Teachers and other school employees may discuss a student's behavior or academic progress with the student's parent or another employee; however, they are not permitted to recommend use of psychotropic drugs. A psychotropic drug is a substance used in the diagnosis, treatment, or prevention of a disease or as a component of a medication and that is intended to alter perception, emotion, or behavior. An employee who is a registered nurse, advanced nurse practitioner, a physician, or a certified or credentialed mental health professional can recommend that a student be evaluated by an appropriate medical practitioner, if appropriate.

Child Abuse Reporting and Programs

Priority Charter Schools provides child abuse anti-victimization programs and cooperates with official child abuse investigators as required by law. Priority Charter Schools also provides training to its teachers and students in preventing and addressing incidents of sexual abuse and other maltreatment of children, including knowledge of likely warning signs indicating that a child may be a victim of sexual abuse or maltreatment. Assistance, interventions, and counseling options are also available.

The school's administration shall cooperate with law enforcement investigations of child abuse, including investigations by the DFPS. School officials may not refuse to permit an investigator to interview a student who is

alleged to be a victim of abuse or neglect at school. School officials may not require the investigator to permit school personnel to be present during an interview conducted at school.

Investigations at school may be conducted by authorized law enforcement or state agencies without prior notification or consent of the student's parent, if necessary.

Plan for Addressing Sexual Abuse, Trafficking, and Other Maltreatment of Children

Priority Charter Schools has established a plan for addressing child sexual abuse, trafficking, and other maltreatment of children. For purposes of this plan, trafficking includes both sex and labor trafficking. The plan may be accessed by contacting the campus principal.

What is Sexual Abuse of a Child?

Sexual abuse in the Texas Family Code is defined as any sexual conduct harmful to a child's mental, emotional, or physical welfare as well as a failure to make a reasonable effort to prevent sexual conduct with a child. A person who compels or encourages a child to engage in sexual conduct commits abuse. It is illegal to make or possess child pornography or to display such material to a child.

What is Trafficking?

Child trafficking in any form is prohibited by the Texas Penal Code. Sex trafficking involves forcing a person, including a child, into sexual abuse, assault, indecency, prostitution, or pornography. Labor trafficking involves forcing a person, including a child, to engage in forced labor or services.

Traffickers may be trusted members of a child's community, such as friends, romantic partners, family members, mentors, and coaches, although traffickers frequently make contact with victims online.

What is Other Maltreatment of a Child?

Other maltreatment of a child under the Texas Family Code includes "abuse" or "neglect" of a child.

Reporting and Responding to Sexual Abuse, Trafficking, and Other Maltreatment of Children

Anyone who suspects that a child has been or may be abused, trafficked, or neglected has a legal responsibility, under state law, for reporting the suspected abuse or neglect to law enforcement or to the DFPS.

A child who has experienced sexual abuse, trafficking, or any other type of abuse or neglect should be encouraged to seek out a trusted adult. Be aware as a parent or other trusted adult that disclosures of sexual abuse and trafficking may be more indirect than disclosures of physical abuse and neglect, and it is important to be calm and comforting if your child, or another child, confides in you. Reassure the child that he or she did the right thing by telling you.

Parents, if your child is a victim of sexual abuse, trafficking, or other maltreatment, the school counselor or Principal will provide information regarding counseling options for you and your child that are available in your area. The DFPS also manages early intervention counseling programs. To find out what services may be available in your county, see [Texas Department of Family and Protective Services, Programs Available in Your County](#).

Reports of abuse, trafficking, or neglect may be made to:

- Texas Abuse Hotline: 1-800-252-5400;
- In non-emergency situations, the [Texas Abuse Hotline Website](#);
- Your local police department; or
- Call 911 for emergency situations.

Methods for Increasing Awareness Regarding Sexual Abuse, Trafficking, or Other Maltreatment

For Staff: Priority Charter Schools trains staff in all content areas addressed in the Plan. Training is provided by campus staff, administrative staff, or outside agencies as determined by the campus administration. The training includes prevention techniques for and recognition of sexual abuse, trafficking, and all other maltreatment of children, including sexual abuse, trafficking, and other maltreatment of children with significant cognitive disabilities.

For Students: School counseling staff will address issues to increase awareness regarding sexual abuse, trafficking, and other maltreatment of children and anti-victimization programs with age-appropriate conversation and materials no less than once per school year. These discussions will occur in classroom group settings.

For Parents: Parents must be aware of warning signs indicating that their child may have been or is being sexually abused, trafficked, or otherwise maltreated.

The fact that the abuser is a parent or other family member does not remove your obligation to protect the child. Parents who permit their child to remain in a situation where he or she may be injured or abused may also be subject to prosecution for child abuse. If a parent is frightened for their own safety or that of their child, they should call 911 or 1-800-252-5400.

Also remember that parents are legally responsible for the care of their children and must provide their children with safe and adequate food, clothing, shelter, protection, medical care, and supervision, or arrange for someone else to provide these things. Failure to do so may be considered neglect.

Likely Warning Signs of Sexual Abuse, Trafficking, or Other Maltreatment

Possible warning signs of sexual abuse or other maltreatment may include:

- An older child behaving like a young child, for example, bedwetting or thumb-sucking.
- Becoming increasingly secretive about Internet or telephone use.
- Developing special relationships with older friends that may include unexplained money, gifts, or privileges.
- Difficulty sitting or walking, pain in the genital areas, and claims of stomachaches and headaches.
- Engaging in adult-like sexual activities with toys, objects, or other children.
- Fear of being alone with adults.
- Play, writing, drawings, or dreams of sexual or frightening images.
- Using new or adult words for body parts.
- Verbal references or pretend games of sexual activity between adults and children, fear of being alone with adults of a particular gender, or sexually suggestive behavior.
- Withdrawal, depression, sleeping and eating disorders, and problems in school.

Possible warnings signs of sexual trafficking include:

- Changes in school attendance, habits, friend groups, vocabulary, demeanor, and attitude.

- Frequent runaway incidents.
- Isolation from friends, family, and community.
- Multiple phones or social media accounts.
- Older boyfriends or girlfriends.
- Provocative pictures posted online or stored on the phone.
- Refillable gift cards.
- Social interaction and schedule being strictly controlled by someone else.
- Sudden appearance of expensive items (for instance, manicures, designer clothes, purses, technology).
- Tattoos or branding.
- Unexplained injuries.

Possible warning signs of labor trafficking in children include:

- A desire to quit a job but not being allowed to do so.
- Being employed and having a work permit but clearly working outside the permitted hours for students.
- Being employed but not having a school-authorized work permit.
- Being overly concerned with pleasing an employer and/or deferring personal or educational decisions to a boss.
- Being unpaid, paid very little, or paid only through tips.
- Living with an employer or having an employer listed as a student's caregiver.
- Not being allowed breaks at work or being subjected to excessively long work hours.
- Not being in control of his or her own money.
- Owing a large debt and being unable to pay it off.

Any one sign does not necessarily mean that a child has been sexually abused, trafficked, or maltreated, but the presence of several signs is the time you should begin asking questions and seeking help. Often signs first emerge at other times of stress, such as during a divorce, death of a family member or pet, problems at school or with friends, or other traumatic or anxiety-inducing events.

Actions That a Child Who Is a Victim of Sexual Abuse, Trafficking, or Other Maltreatment Should Take

During student awareness sessions concerning sexual abuse, trafficking, and other maltreatment issues, students will be encouraged to tell a trusted adult in a private and confidential conversation if they have been a victim of sexual abuse, sex trafficked, or other maltreatment or have been in situations that make them feel uncomfortable in any way. School employees are trained to take appropriate actions to help the child obtain assistance and to follow proper reporting procedures. Older students will also be provided with local crisis hotline numbers to obtain assistance.

Available Counseling Options

A list of counseling providers can be found through the [Texas Department of Family and Protective Services, Programs Available in Your County](#) website.

Notice of Penalties for Trafficking of Persons and Online Solicitation of a Minor

Under Penal Code 20A.02(b-1), an offense related to human trafficking is a first degree felony if the offense is committed in a location that was on the premises of or within 1,000 feet of the premises of a school, or on premises or within 1,000 feet of premises where an official school function was taking place or an event sponsored or sanctioned by the University Interscholastic League was taking place.

Additionally, under Penal Code 33.021(f-1), there are enhanced penalties for the offense of online solicitation of a minor if the actor committed the offense during regular school hours and the actor knew or reasonably should have known that the minor was enrolled in a public or private school at the time of the offense.

Interrogations and Searches

In the interest of promoting student safety and attempting to ensure that Priority Charter Schools is safe and drug free, school officials may, from time to time, conduct searches. Such searches are conducted without a warrant and as permitted by law.

Administrators, teachers, and other professional personnel may question a student regarding the student's own conduct or the conduct of other students. In the context of school discipline, students have no claim to the right not to incriminate themselves.

Students shall be free from unreasonable searches and seizures by school officials. School officials may search a student's outer clothing, pockets, or property by establishing reasonable cause or securing the student's voluntary consent.

A search is reasonable if (1) the school official has reasonable grounds for suspecting that the search will uncover evidence of a rule violation or a criminal violation and (2) the scope of the search is reasonably related to the circumstances justifying the search, such as the extent of the search, the objectives of the search, the age and sex of the student, and the nature of the infraction.

Desk and Locker Searches

Students should have no expectation of privacy in the contents of their lockers, desks, or other school property. Lockers and desks assigned to students remain at all times under the control and jurisdiction of Priority Charter Schools. The school will make periodic inspections of lockers and desks at any time, with or without notice or student consent. School officials will remove any item that violates school policy or that may potentially be dangerous. Students have full responsibility for the security of their lockers and desks and shall be held responsible for any prohibited items found therein. A student's parent shall be notified if any prohibited articles or materials are found in a student's locker or desk, or on the student's person.

Computers and Electronic Devices

The use of school-owned equipment and its network systems is not private and will be monitored by Priority Charter Schools.

Any searches of personal electronic devices will be conducted in accordance with law, and the device may be confiscated to perform a lawful search. A confiscated device may be turned over to law enforcement to determine whether a crime has been committed.

Vehicles on Campus

Vehicles parked on school property and property under school control are under the jurisdiction of Priority Charter Schools and may be searched at any time if reasonable suspicion exists to believe that the search will result in evidence that school rules or other laws have been violated. If a vehicle subject to search is locked, the student shall be asked to unlock the vehicle and consent to a search of the vehicle. If the student refuses to permit the vehicle to be searched, Priority Charter Schools may contact the student's parents and/or law enforcement officials. A student may be held responsible for and in possession of prohibited items found in his or her vehicle parked on school property or at a school-related event.

Random Drug Searches

In order to ensure a drug-free learning environment, Priority Charter Schools conducts random drug searches of all school facilities. Priority Charter Schools may use or contract for specially trained nonaggressive dogs to sniff out and alert school officials to the current presence of concealed, prohibited, or illegal items, including drugs and alcohol. Canine visits may be unannounced. The dogs shall be used to search vacant classrooms, vacant common areas, the areas around student lockers, and the areas where vehicles are parked on Priority Charter Schools' property or at school-related events. The dogs shall not be asked to alert on students. A dog alert to a locker, vehicle,

or item in a classroom, constitutes reasonable grounds for a search by school officials.

Procedures for Use of Restraint and Time-Outs

School employees, volunteers or independent contractors are authorized to use restraint in the event of an emergency and subject to the following limitations:

- Only reasonable force, necessary to address the emergency, may be used.
- The restraint must be discontinued at the point at which the emergency no longer exists.
- The restraint must be implemented in such a way as to protect the health and safety of the student and others.
- The student may not be deprived of basic human necessities.

At no time, however, may a student be placed in seclusion.

A student with a disability may not be confined in a locked box, locked closet, or other specially designated locked space as either a discipline management practice or a behavior management technique.

Visitor and Volunteer Policy

Priority Charter Schools encourages parents and family members to regularly visit the school and become involved in student activities. The impact that positive parental involvement has on the learning and development of students is immeasurable. With that in mind, the following policies must be adhered to so that a safe, secure, and productive learning environment can be ensured for all.

- Visitors **MUST** sign in at the main office whenever they are on campus. They will be provided with a visitor ID that must be worn while on campus. Visitors are not permitted to make unscheduled or drop-in visits to classrooms.
- When visiting campus to meet with teaching staff, visitors must have a pre-arranged time set up with the teacher(s) in question except for urgent matters. Times are best arranged via email. An email directory is located on our website. With few exceptions, conferences are scheduled during teacher/team planning time, and/or immediately before or after school. Under no circumstances can a teacher be interrupted while providing instruction before, during, or after the school day to meet with a parent.
- Visitors to campus must be the parent, guardians, or other adult family members with permission of the parent/guardian. Students' friends, younger siblings, and other non-related individuals cannot visit the campus during school hours.
- Volunteers **MUST** go through a background check conducted by our district office. Once the check is cleared, volunteers are notified and may begin helping on campus. Until this clearance is obtained, they are not to be involved in any educational or extracurricular activities.

Additionally, the Principal or designee may take the following actions whenever there is a school visitor:

- Establish an electronic database for storing information concerning visitors. Information stored in the electronic database may be used only for school security and may not be sold or otherwise disseminated to a third party for any purpose.
- Verify whether the visitor is a sex offender registered with the computerized central database maintained by the DPS or any other database accessible by Priority Charter Schools.

Any visitor identified as a sex offender shall be escorted by school personnel at all times during a school visit and shall have access only to common areas of the campus.

Disruptions

To protect student safety and sustain an educational program free from disruption, state law permits Priority Charter Schools to act against any person—student or nonstudent who:

- Disrupts classes while on school property or on public property that is within 500 feet of school property. Class disruption includes making loud noises; trying to entice a student away from, or to prevent a student from attending, a required class or activity; entering a classroom without authorization; and disrupting the activity with profane language or any misconduct.
- Interferes with an authorized activity by seizing control of all or part of a building.
- Interferes with the movement of people at an exit or an entrance to school property.
- Interferes with the movement of people at an exit, an entrance, or a hallway to a school building without authorization from an administrator.
- Interferes with the transportation of students in school vehicles.
- Uses force, violence, or threats in an attempt to prevent participation in an authorized assembly.
- Uses force, violence, or threats in an attempt to prevent people from entering or leaving school property without authorization from an administrator.
- Uses force, violence, or threats to cause disruption during an assembly.

Emergency Closings

Generally, Priority Charter Schools dismisses classes for weather-related events on the same days as surrounding local independent school districts. Any closures for weather will be broadcast on local television and/or radio stations. Priority Charter Schools may also need to close during certain emergency situations beyond the control of school officials. The announcement of non-weather-related school closings will be broadcast on local television and/or radio stations as early as possible. Any emergency closures will also be posted on the Priority Charter Schools' website.

Drills: Fire, Tornado, and Other Emergencies

Students, teachers, and other staff will participate in drills of emergency procedures. When the alarm is sounded, students should follow the direction of school staff quickly, quietly, and in an orderly manner. During the drill, order rather than speed shall be stressed. Defined instructions for vacating each room will be posted in each room, and students should familiarize themselves with these instructions.

Pest Control Information

Priority Charter Schools periodically applies pesticides inside school buildings and on school grounds. While Priority Charter Schools strives to use the safest and most effective methods to manage pests, including a variety of non-chemical control measures, periodic indoor and outdoor pesticide use is sometimes necessary to maintain adequate pest control and ensure a safe, pest-free environment.

All pesticides used are registered for their intended use and are applied only by certified pesticide applicators. Priority Charter Schools will provide appropriate notice of treatments, and signs will remain until it is safe to enter the area. Parents who want to be notified prior to pesticide application may contact the Superintendent or designee.

Videotaping of Students

For safety purposes, including the maintenance of order and discipline, surveillance cameras may be used to monitor student behavior in classrooms, on school vehicles, and in school common areas. Video recordings may be reviewed routinely to document student misconduct and used by staff when investigating an incident.

SECTION 3: ACADEMICS AND GRADING

Academic Programs

The Principal or designee will provide students and parents with information regarding academic programs to prepare for higher education and career choices.

A student removed from the regular classroom to in-school suspension, or another setting will have an opportunity to complete his or her daily work just as if they were in the regular learning center.

Students and parents are encouraged to discuss options for ensuring that students complete all work required with a teacher, the Principal or designee.

Required Curriculum

The Texas Essential Knowledge and Skills (“TEKS”) require all students to demonstrate the knowledge and skills necessary to read, write, compute, problem solve, think critically, apply technology, and communicate across all subject areas. TEKS are the basis of curricular planning for each grade level and each content area. All students enrolled in grades 3-11 will participate in the appropriate Texas state assessments.

Priority Charter Schools offers instruction in the TEKS of the appropriate grade levels in the following required curriculum:

1. A foundation curriculum that includes:
 - a. English language arts and reading;
 - b. Mathematics;
 - c. Science;
 - d. Social studies; and
2. An enrichment curriculum that includes
 - a. Languages other than English, to the extent possible;
 - b. Health education;
 - c. Physical education (“PE”);
 - d. Fine Arts;
 - e. Career and technical education; and
 - f. Technology applications.

Grading and Credit

In determining course credit, the following methods are used:

Pre-K & Kindergarten Students - Grading is based off a skills inventory that is regularly assessed by the teacher and indicated on the 9-week report card. Students will either pass or fail the grade based off adequate, grade-level progress on end of year assessment.

Elementary Students - All semester grades are recorded as numerical grades and given as submitted by the teacher of record. The list below outlines grading expectations.

90-100 = A

80-89 = B

70-79 = C

60-69 = D

$\leq 59 = F$

Middle School Students - All semester grades are recorded as numerical grades and given as submitted by the teacher of record. The list below outlines grading expectations. Middle School students that participate in the school's sports program must maintain a 70% or higher on all core subjects. Any student that has a grade of 69% or lower at the end of a nine-week grading period will be required to attend tutoring sessions. A final grade in a core subject that is failing could result in a student attending summer school or being retained.

90-100 = A
80-89 = B
70-79 = C
60-69 = D
 $\leq 59 = F$

High School Students - All semester grades are recorded as numerical grades and given as submitted by the teacher of record. The list below outlines grading expectations. High School students that participate in the school's sports program must maintain a 70% or higher on all core subjects. Any student that has a grade of 69% or lower at the end of a nine-week grading period will be required to attend tutoring sessions. A final grade in any subject that is failing will require that the student re-take the course and could result in retention.

90-100 = A
80-89 = B
70-79 = C
60-69 = D
 $69 \leq = F$

Homework and Assignments

Research reveals that homework, when carefully designed, implemented, and evaluated, is an effective tool for improving understanding, enriching learning, encouraging personal connections, and providing opportunities to pursue special interests. In broad terms, homework includes written work, reading, studying, and preparing for class, and other activities related to classroom work, but assigned to be done at home. Teachers have the discretion to set deadlines for students to complete and return homework and other assignments.

Late Work

For grades 6–12, Priority Charter Schools has implemented a no late work policy in order to teach students responsibility, time management, and to simulate real world deadlines. All work submitted by the posted due date will be eligible for full credit. The only late work that will be accepted is late work following an excused absence, as described in this Handbook. A reasonable amount of make-up time will be given for these absences. For these absences, students are still strongly encouraged to submit work prior to being absent whenever possible.

For absences due to other legitimate reasons such as personal medical events/illness, deaths in immediate family, or any other unforeseen events, staff and teachers will work cooperatively with parents and students to adjust the due dates in advance. Make-up work will only be accepted with prior approval after the student has returned from the absence.

Given the dynamic nature of learning based on best practices under the Teaching-Learning Cycle where teachers are modifying their curriculum to fit learning needs, it is not always possible for teachers to have an exact plan of assignments for future weeks. For this reason, it is not possible to provide students work

in advance of other students to facilitate time off.

Grades 9–12 Courses and Credits

Credits are given for each course in grades 9–12; therefore, each course stands alone in counting towards graduation. Credit will be awarded for an average of 70 or higher in each course. In courses that are two-semester courses, credit will be awarded at the end of each semester when the course average is 70 or higher. When a semester average is below passing (69 or below), the two semester grades will be averaged and credit will be awarded if the average is 70 or higher, which includes summer school courses for that school year.

Grades 7–8 Courses and Credits

Priority Charter Schools students enrolled in the 8th grade have the opportunity to take at least two courses (Algebra 1; Spanish 1; or Art 1) for high school credit. Students in grades 7 and 8 are eligible for additional courses for high school credit. Qualification will be determined based on previous school recommendations, state testing history, and placement testing. Students successfully completing a high school course in middle school will be given the corresponding credit towards graduation requirements and will continue to advance to the next level of course, as appropriate.

High School Grade Level Classification and Reclassification

Students on the Foundation High School Program + Endorsement (26 credits)

- 9th Grade: A student must have been promoted from the 8th grade (Meet minimum grade requirements and passing standards in reading and math STAAR)
- 10th Grade: A student must have satisfactorily completed 6.5 credits
- 11th Grade: A student must have satisfactorily completed 13 credits
- 12th Grade: A student must have satisfactorily completed 19.5 credits or have a plan on file to graduate in less than four years

A student will only be reclassified at the end of the first and second semester of each school year as determined by the school calendar.

Students who opt out of the Endorsement and are Foundation High School Program Only (22 Credits)

- 9th Grade: A student must have been promoted from the 8th grade (Meet minimum grade requirements and passing standards in reading and math STAAR)
- 10th Grade: A student must have satisfactorily completed 6.5 credits
- 11th Grade: A student must have satisfactorily completed 12 credits
- 12th Grade: A student must have satisfactorily completed 17.5 credits or have a plan on file to graduate in less than four years

A student will only be reclassified at the end of the first and second semester of each school year as determined by the school calendar.

Graduation Requirements

Priority Charter Schools shall ensure that each student enrolls in the courses necessary to complete the curriculum requirements identified by the State Board of Education (“SBOE”) for the foundation high school program, or the recommended or advanced high school program.

Requirements for a Diploma Beginning with the 2014–2015 School Year

Beginning with students who enter grade 9 in the 2014–2015 school year, as well as any currently enrolled

high school student who decides to graduate under the new foundation graduation program, a student must meet the following requirements to receive a high school diploma:

1. Complete the required number of credits established by the State and any additional credits required by Priority Charter Schools;
2. Complete any locally required courses in addition to the courses mandated by the State;
3. Achieve passing scores on certain EOC assessments or approved substitute assessments, unless specifically waived as permitted by State law; and
4. Demonstrate proficiency, as determined by Priority Charter Schools, in the specific communication skills required by the State Board of Education, CPR, Police Interaction and FAFSA.

Testing Requirements for Graduation

Students are required, with limited exceptions, to perform satisfactorily on the following EOC assessments: English I, English II, Algebra I, Biology, and United States History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments. State law and state rules also provide for certain scores on norm-referenced national standardized assessments to substitute for the requirement to meet satisfactory performance on an applicable EOC assessment should a student choose this option.

If a student fails to perform satisfactorily on an EOC assessment, Priority Charter Schools will provide remediation in the content area for which the performance standard was not met. This may require student participation before or after normal school hours, or at times of the year outside of normal school operations.

Individual Graduation Committee Decisions

A student who was enrolled in the 11th or 12th grade for the 2014–2015, 2015–2016, or 2016–2017 school year and who has failed the EOC assessment graduation requirements for no more than two courses may receive a high school diploma if the student has qualified to graduate by means of an individual graduation committee (“IGC”). A student may not graduate under an IGC if the student did not take each required EOC assessment or an approved substitute assessment for each course for which there is an EOC assessment.

Please see the Principal for more information on the makeup of an IGC and all other requirements for graduation.

Foundation Graduation Program

Students who enter grade 9 in the 2014–2015 school year and thereafter will graduate under a new program called the “foundation school program.” Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics (“STEM”); Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript and diploma. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one endorsement, four sciences and four maths, one of which must be Algebra II. State law and rules prohibit a student from graduating solely under the foundation graduation program without an endorsement unless, after the student’s sophomore year, the student and the student’s parent are advised of the specific benefits of graduating with an endorsement and submit written permission to an appropriate school administrator for the student to graduate without an endorsement. A student who anticipates graduating under the foundation graduation program without an endorsement and who wishes to attend a four-year university or college after graduation must carefully consider whether this will satisfy the admission requirements of the student’s desired college or university.

Graduating under the foundation graduation program will also provide opportunities to earn “performance acknowledgements” that will be acknowledged on a student’s diploma and transcript. Performance acknowledgements are available for outstanding performance in bilingualism and bi-literacy, in a dual credit course; on an AP or IB exam; on the PSAT, ACT-Plan, SAT, or ACT exam; or for earning a nationally or internationally recognized license or certificate. The criteria for earning these performance acknowledgements are prescribed by state rules, and the Principal can provide more information about these acknowledgments.

A student enrolled in high school prior to the 2014–2015 school year has the option of graduating under the foundation graduation program rather than the programs identified above that would otherwise be applicable to the student. See the Principal for additional information.

GPA and Class Rank

NOTE: The following provisions shall apply to students beginning with the graduating class of 2022.

Weighted GPA Used to Determine Class Rank

The following scales are used to compute numerical grades into the mathematically computed score that is used to determine class rank. Courses that will be counted in the grade point average for class in rank include credits from the following content areas taken in grades 9-12 as defined by the TEKS:

- Language Arts
- Mathematics
- Social Studies
- Science
- Languages Other Than English
- CTE courses

The end of semester numerical grade is used to compute grade point average and is recorded on the student's Academic Achievement Record (transcript). Class rank is calculated at the end of a student’s 9th–10th grade year, and subsequently at the end of each semester in grades 11–12. Class rank is calculated at the end of each semester only.

Grades earned in the following courses shall be excluded when calculating the weighted GPA and academic class rank:

- Correspondence courses
- Summer school courses
- Credit by examination
- Credit for acceleration
- Credit recovery courses
- Home school courses
- Distance Learning and online courses from a non-accredited private or public school
- Courses taken in foreign countries (unless offered by an accredited US school)
- High school courses taken while the student is in middle school
- Pass/fail courses
- Non-accredited private schools

Advanced academic courses (AP, dual credit, college courses) are calculated on a 5.0 scale. In determining class rank, students graduating on the minimum plan will be ranked below students graduating on the foundation and/or recommended and distinguished graduation plans. Students attending Priority Charter Schools on a temporary foreign study basis will be excluded from class rank.

GPA, Class Rank, and 4.0 Unweighted College GPA

The weighted GPA is a cumulative average of all semester grades earned in selected courses in high school. The semester averages of all State-approved courses and elective courses will be included in the calculation of the GPA. Local credit courses are not counted in the Unweighted or College GPA. Classes taken for high school credit during junior high are not used in calculating the GPA or Class Rank. The numerical semester grades are converted to a 4.0 scale (or 5.0 scale for Dual Credit or Pre-AP, or AP) using the following table.

An unweighted Grade Point Average (“GPA”) is calculated at the end of each semester beginning with the end of the first semester of a student’s freshman year. The unweighted GPA is not used to determine valedictorian, salutatorian, or honor graduates.

The 4.0 Unweighted College GPA requested by colleges and universities for admission purposes is

calculated based on the straight average of all semester grades for all classes where:

A=4.0
B=3.0
C=2.0
D=1.0
F=0.0

Valedictorian and Salutatorian

The valedictorian and salutatorian shall be determined at the end of the third nine-week grading period of the senior year. The valedictorian and the salutatorian shall be the two graduating seniors with the highest rank in class (weighted grade point average). To be eligible, a student shall have been enrolled in the Priority Charter Schools for the entire last three semesters prior to graduation.

To qualify for valedictorian or salutatorian, the student must graduate in no more than four years.

Breaking a Tie for Valedictorian/Salutatorian

In case of a tie, the following method shall be used to determine who shall be recognized as valedictorian or salutatorian:

1. Compute the weighted grade point average to the maximum number of decimal places in the district computer system to break the tie.
2. If a tie still occurs, the student with the most AP courses shall be considered valedictorian or salutatorian.
3. If a tie still occurs, the student with the highest numerical weighted grade averages of all Advanced Placement courses taken shall be valedictorian or salutatorian.

Honor Graduate Certificate

The TEA allows each public high school in Texas to award one “Honor Graduate Certificate.” This certificate will be presented to the highest-ranking graduate in the senior class. The recipient will receive a certificate and a declaration document authorizing the president of any state supported college or university to provide a waiver for tuition as specified in TEC 54.201.

The recipient of this honor must:

1. Be enrolled in Priority Charter schools for a minimum of three consecutive calendar semesters prior to graduation.
2. Must graduate with the Foundation High School Program plus Endorsement (26 credits)
3. Meet all state graduation requirements i.e., End-of-Course Assessments, CPR, Police Interaction and Speech Met.
4. Be the highest-ranking graduate with the highest GPA of all students meeting these criteria.

Early Graduates and Beyond 4-Year Continuers

A student’s class rank shall be determined within the graduating class of the school year in which the student completes all requirements for a diploma, regardless of the number of years the student is enrolled in high school.

Foreign Exchange Students

All foreign exchange students who do not intend to graduate with a diploma from a Texas public school will be excluded from class rank.

Transfer Student Grades

All incoming students' GPAs shall be converted to the system used by the School to determine the GPA and rank in class.

Withdrawal Prior to the End of the Semester

Students who withdraw prior to the end of the semester and before all exams are completed will NOT receive a semester grade or semester credit from a Priority Charter Schools campus. The grade in progress at the time of withdrawal will be sent to the new school. The student's new school will determine how the grade information sent by Priority Charter Schools for the current grading period will be processed and credits calculated/awarded.

Enrollment Prior to the End of the Semester

If the previous school has not completed the semester, the withdrawal/transfer grades from the previous school will be used with the grades earned for the remainder of the grading period to determine that grade for the grading period. The student will take the semester final to be used in calculating the semester average and course credit.

Placement of Former Home School Students

High School Course Credits

Students entering Priority Charter Schools who wish to obtain high school level credit for courses completed in home school settings must follow the procedures below.

1. Request high school credit earned through home school within the first nine weeks of enrollment at Priority Charter Schools.
2. Submit copies of student assessment results, work samples, and any other evidence of course completion.
3. Submit a detailed outline and/or course syllabus and copies of instructional materials.

All required items above should be given to the District Academic Counselor. After submission of the credit request and required items, Priority Charter Schools staff will review the materials, and course credit will be awarded based on the level and type of work completed, relevancy of the course itself, and the level to which the course addresses the Texas state standards (TEKS) for the credit being requested. Submission of the credit request and required items does not guarantee public school credit. In addition, acceptance of home school credit by other private schools does not obligate or guarantee credit for these courses by Priority Charter Schools.

If Priority Charter Schools determines that the student appears to be deficient in particular areas of the course or not enough documentation is available to award course credit, the student will be required to complete an end-of-semester, end-of-course, or an equivalent exam to determine course credit. Such exams will assess overall content knowledge of the courses as outlined in the Texas state standards (TEKS).

Grades K-8 Placement

Students entering Priority Charter Schools in grades K–8 from home school programs will follow the same procedures 1–3 above for high school. Work completed in home school settings will be assessed by school staff to determine the level to which the grade-level and subjects align to Texas state standards (TEKS) and Priority Charter Schools courses. Students in grades K–4 will also be given reading and math assessments upon enrollment. Data from these assessments will be used in conjunction with the overall assessment of the curriculum used in the home school setting to place the students in the appropriate grade.

Standardized Testing

STAAR (State of Texas Assessments of Academic Readiness)

In addition to routine tests and other measures of achievement, students in grades 3–8 will take state-mandated assessments, such as the STAAR, in the following subjects:

- Mathematics, annually in grades 3–8.
- Reading, annually in grades 3–8.
- Writing, including spelling and grammar, in grades 4 and 7.
- Science in grades 5 and 8.
- Social Studies in grade 8.

Successful performance on the reading and math assessments in grades 5 and 8 is required by law, unless the student is enrolled in a reading or math course intended for students above the student's current grade level, in order for the student to be promoted to the next grade level.

STAAR Alternative is available for students receiving special education services as determined by the student's ARD committee.

End-of-Course Assessments for Students in Grades 9–12

Beginning with ninth graders in the 2011–2012 school year and, as modified by House Bill 5, end-of-course ("EOC") assessments are administered for the following courses:

- Algebra I;
- English I and II;
- Biology; and
- United States History.

Beginning in Spring 2016, the Texas Education Agency will voluntarily administer STAAR EOC assessments for Algebra II and English III.

Satisfactory performance on the applicable assessments will be required for graduation, except in circumstances where a student may be eligible to graduate in accordance with a plan approved by an Individual Graduation Committee. (See "Individual Graduation Committee Decisions" above.)

There are three testing windows during the school year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR Alternative is available for students receiving special education services as determined by the student's ARD committee.

Texas Success Initiative Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the Texas Success Initiative ("TSI") assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. This assessment may be required before a student enrolls in a dual-credit course offered through Priority Charter Schools as well.

Texas English Language Proficiency Assessment System (“TELPAS”)

The Texas English Language Proficiency Assessment System (“TELPAS”) is a system of statewide assessments administered to all Limited English Proficient (“LEP”) students in grades K–12. The TELPAS measures English ability based on the stages of language development of second language learners. These results will further the understanding of the educational needs of LEP students by providing a state-level measure of both their current academic English levels and their annual progress in English.

Promotion and Retention

A student may be promoted on the basis of academic achievement and/or demonstrated proficiency in the subject matter of the course or grade level. To earn credit in a course, a student must demonstrate mastery on grade level standards and meet Priority Charter Schools’ requirements for attendance.

Students in grades K–8 will be advanced based on a number of factors, including state test results; reading and math ability; maturity (in lower grades); and class grades. Decisions are made by a committee comprised of teachers, administrators, and, where applicable, counseling, and special education staff. Parents are notified at least four weeks before the end of the school year if retention is a possibility.

A student in grades 9–12 will be advanced a grade level based on the number of course credits earned.

In addition, at certain grade levels a student – with limited exceptions – will be required to pass the State of Texas Assessments of Academic Readiness (“STAAR”), if the student is enrolled in a public Texas school on any day between January 1 and the date of the first administration of the STAAR.

- In order to be promoted to grade 6, students enrolled in grade 5 must perform satisfactorily on the Mathematics and Reading sections of the grade 5 grade assessment exam in English or Spanish.
- In order to be promoted to grade 9, students enrolled in grade 8 must perform satisfactorily on the Mathematics and Reading sections of the grade 8 assessment exam in English.

If a student in grade 8 is enrolled in a course that earns high school credit and for which an end-of-course (“EOC”) assessment will be administered, the student will not be subject to the promotion requirements described above for the relevant grade 8 assessment. However, for federal accountability purposes, the student may be required to take both the grade level and EOC assessment.

If a student in grade 8 is enrolled in a class or course intended for students above his or her current grade level in which the student will be administered a state-mandated assessment, the student will be required to take an applicable state mandated assessment only for the course in which he or she is enrolled, unless otherwise required to do so by federal law.

Parents of students who do not perform satisfactorily on their STAAR or EOC assessments will be notified that their child will participate in an Accelerated Instructional Program designed to improve performance. A student in Grades 5 or 8 will have two additional opportunities to take a failed assessment. If a student fails a second time, a grade placement committee, consisting of the Principal or designee, the student’s teacher, and the student’s parent will determine the additional special instruction the student will receive.

Students will also have multiple opportunities to retake EOC assessments.

If a student fails after a third attempt, the student will be retained at his or her current grade level. The parent, however, may appeal this decision to the Committee. A decision to promote a student to the next grade level must be unanimous. Regardless of whether the student is retained or promoted, an educational plan for the student will be designed to enable the student to perform at grade level by the end of the next school year.

In addition to the requirements listed above for students in grades 5 and 8, a student may be considered for retention if they have met any of the following criteria:

1. failed one or more core subject areas;
2. failed one or more state assessments
3. is below level in one or more core subject areas;
4. missed more than 10% of instructional days in an academic year.

The decision must be made by a committee, which is comprised of the child's core subject area teachers, the counselor, and the Principal.

Students with Disabilities

Upon the recommendation of the Admission, Review, and Dismissal ("ARD") Committee, a student with disabilities who is receiving special education services may be promoted and/or permitted to graduate under the provisions of his or her Individualized Education Program ("IEP").

A student who receives special education services and has completed four years of high school but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

Academic Integrity

All students are expected to be honest and to display a high standard of integrity in the preparation and presentation of work for credit in classes. A student's attempt to present the work of another as his or her own will be viewed as a serious offense, and the student may be subject to a grading penalty and/or discipline in accordance with the Student Code of Conduct.

Armed Services Vocational Aptitude Battery Test

A student in grades 10–12 will be offered an opportunity to take the Armed Services Vocational Aptitude Battery ("ASVAB") test and consult with a military recruiter. Priority Charter Schools will provide each student in grades 10–12 and their parents with notice of the date, time, and location of the scheduled administration of the ASVAB.

Career and Technical Education Programs

Priority Charter Schools may offer, from time to time, career, and technical education ("CTE") programs in a variety of areas. For a complete listing of CTE courses, please contact the Principal. Admission to these programs is based on student interest and completion of any pre-requisites required by Priority Charter Schools.

It is the policy of Priority Charter Schools not to discriminate on the basis of race, color, national origin, sex, or handicap in its vocational programs, services, or activities as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972, and Section 504 of the Rehabilitation Act of 1973, as amended.

It is the policy of Priority Charter Schools not to discriminate on the basis of race, color, national origin, sex, handicap, or age in its employment practices as required by Title VI of the Civil Rights Act of 1964, as amended; Title IX of the Education Amendments of 1972, the Age Discrimination Act of 1975, as amended; and Section 504 of the Rehabilitation Act of 1973, as amended.

Priority Charter Schools will take steps to ensure that lack of English language skills will not preclude a student from participating in all educational, and career and vocational programs.

For information about your rights or grievance procedures, contact the Title IX Coordinator, Robin Osburn, Executive Director of Finance, 275 FM 2483, Belton, Texas, 16513, 254-206-2013, rosburn@prioritycharterschools.org and/or the Section 504 Coordinator, Lori Hensley, Executive Director of Special Programs, 275 FM 2483, Belton, Texas, 16513, 254-206-2013, lhensley@prioritycharterschools.org

College Days

High school students who meet the following criteria will be allowed to have two excused days of absence for a college visit during their junior year and two excused days of absence for a college visit during their senior year:

- The student must have passed the required parts of the State of Texas Assessments of Academic Readiness (“STARR”) / equivalent state assessment for the previous year.
- The student must be on track to graduate on time.
- The student must be classified as a junior or senior based upon credits earned.
- The student must be passing all course work.
- The student must have no truancy or other attendance problems.

Students must submit a written request to the school office at least two days prior to the day requested for a college visit so that eligibility criteria for an excused day of absence can be verified and approval granted prior to the student participating in a college visit. Approval will not be granted for a college visit on a day when major exams are scheduled, and no partial days will be approved.

Computer Resources

To prepare students for an increasingly computerized society, Priority Charter Schools has made a substantial investment in computer technology for instructional purposes. Use of these resources is restricted to students working under a teacher’s supervision and for approved purposes only. Students and parents must read and agree to abide by the Student Acceptable Use Policy found in this Handbook.

Counseling

Academic Counseling

Students and parents are encouraged to talk with the school principal or designee to learn about course offerings, graduation requirements, and early graduation procedures. Each spring, students in 8th–12th grade will be provided with information on anticipated course offerings for the next year and other information that will help to make the most of academic and vocational opportunities.

To plan for the future, including attendance at a college, university, or training school or pursuing some other type of advanced education, students should work closely with the school principal or designee to take the courses that best prepare them for the future. The school principal or designee can also provide information about entrance exams and application deadlines, as well as information about automatic admission to state colleges and universities, financial aid, housing, and scholarships.

Credit by Exam

Priority Charter Schools uses examinations and guidelines established by the State Board of Education (“SBOE”) to offer credit and acceleration by exam.

If a Student has Prior Instruction (Grades 6–12)

A student who has previously taken a course or subject (but did not receive credit or a final grade for it) may, in circumstances determined by the Principal or Attendance Review Committee, be permitted to earn credit or a final grade by passing an exam on the essential knowledge and skills defined for the course or subject. Prior instruction may include, for example, incomplete coursework due to a failed course or excessive absences, homeschooling, or coursework by a student transferring from a non-accredited school. The opportunity to take an examination to earn credit for a course or to be awarded a final grade in a subject after the student has had prior instruction is sometimes referred to as “credit recovery.” To receive credit, a student must score at least 70% on the exam.

The Attendance Review Committee may also offer a student with excessive absences an opportunity to receive credit for a course by passing an exam.

If a Student Has Not Taken the Course

A student will be permitted to take an exam to earn credit for an academic course or subject area for which the student has had no prior instruction or to accelerate to the next grade level. The exams offered by Priority Charter Schools are approved by the Board of Directors.

A student in grade 6 or above will earn course credit with a passing score of at least 80 on the exam, a scaled score of 50 or higher on an examination administered through the College Level-Level Examination Program, or a score of three or higher on an Advanced Placement (“AP”) examination, as applicable. A student may take an exam to earn course credit no more than twice. If a student fails to achieve the designated score on the approved exam before the beginning of the school year in which the student would need to enroll in the course according to the school’s course sequence, the student must complete the course.

If a student plans to take an exam, the student (or parent) must register with the Principal or designee.

Dual Credit Opportunities

A dual credit course is a college course taken by a high school student for which the student earns both college and high school credit. Dual credit is also known as concurrent enrollment.

A student is eligible to enroll in dual credit courses in the 9th grade if the student:

- Demonstrates college readiness by achieving the minimum passing standards under the Texas Success Initiative (“TSI”) as set forth in 19 Texas Administrative Code § 4.85, on relevant section(s) of an assessment instrument approved by the SBOE; or
- Demonstrates that he or she is exempt under the provisions of the TSI as set forth in 19 Texas Administrative Code § 19.54.

A 9th grade student is also eligible to enroll in dual credit courses in reading, writing, and/or mathematics if he or she satisfies standards set by the Texas Higher Education Coordinating Board. As these requirements may change from time to time, students and parents are encouraged to contact the Director of College and Career Readiness and/or Chief Academic Officer of the participating college for current requirements.

Students in grades 11 and/or 12 are eligible to enroll in workforce education dual credit courses if a student demonstrates that he or she achieved the designated minimum standards set by the Texas Higher Education Coordinating Board. A student who is exempt from taking the Texas Assessment of Knowledge and Skills or

STAAR end-of-course assessments may be otherwise evaluated to determine eligibility for enrolling in workforce education dual credit courses. A student may enroll only in those workforce education dual credit courses for which he or she has demonstrated eligibility.

Students may not enroll in more than two dual credit courses per semester. A student may be exempt from this requirement only through approval by the Director of College and Career Readiness and the Chief Academic Officer of the participating college if the student demonstrates outstanding academic performance and capability.

All courses should be taken outside of school hours, unless approved by the Superintendent or designee.

Students and parents are responsible for any fees for dual credit courses.

Distance Learning

Distance learning and correspondence courses include courses that encompass the state-required essential knowledge and skills but are taught through multiple technologies and alternative methodologies, such as mail, satellite, Internet, video-conferencing, and instructional television.

The Texas Virtual School Network (“TxVSN”) has been established as one method of distance learning. A student has the option, with certain limitations, to enroll in a course offered through the TxVSN to earn course credit for graduation. If you have questions or wish to make a request that your child be enrolled in a TxVSN course, please contact the Superintendent or designee. Unless an exception is made by the Superintendent or designee, a student will not be allowed to enroll in a TxVSN course if the school offers the same or a similar course.

If a student wishes to enroll in a correspondence course or a distance learning course that is not provided through the TxVSN in order to earn credit in a course or subject, the student must receive permission from the Superintendent or designee prior to enrolling in the course or subject. If the student does not receive prior approval, Priority Charter Schools may not recognize and/or apply the course or subject toward graduation requirements or subject mastery.

Extracurricular Activities, Clubs, and Organizations

Participation in school-related activities is an excellent way for a student to develop talents, receive individual recognition, and build strong friendships with other students. Participation, however, is a privilege and not a right. Eligibility for participation in many school-related activities is governed by state law and rules of the UIL, a statewide association overseeing interscholastic competition between public schools. Additional information regarding extracurricular activities, clubs, and organizations may be obtained from the Principal or designee.

Participation in these activities may result in events that occur off-campus. Students are required to use the transportation provided by Priority Charter Schools to and from the event and exceptions may only be made with approval from the activity’s coach or sponsor.

Please note: Sponsors of student clubs and performing groups such as the band, choir, and drill and athletic teams may establish standards of behavior – including consequences for misbehavior – that are stricter than those for students in general. If a violation of organizational rules is also a violation of school rules, the consequences specified by the Student Code of Conduct or by local policy will apply in addition to any consequences specified by the organization.

Grading Guidelines (All Grade Levels)

Approved grading guidelines for each grade level or course will be communicated to students and their parents by the classroom teacher. These guidelines establish:

- The minimum number of assignments, projects, and examinations required for each grading period;
- How the student’s mastery of concepts and achievement will be communicated (i.e., letter grades, numerical averages, checklist of required skills, etc.);
- Circumstances under which a student will be allowed to redo an assignment or retake an examination the student originally failed; and

Procedures for a student to follow after an absence.

Graduation (High School Grades Only)

Priority Charter Schools shall ensure that each student enrolls in the courses necessary to complete the curriculum requirements identified by the SBOE for graduation. Additionally, students must meet the following requirements to receive a high school diploma:

1. Achieve passing scores on certain end-of-course (“EOC”) assessments or approved substitute assessments, unless specifically waived as permitted by State law;
2. Complete any locally required courses in addition to the courses mandated by the SBOE;
3. Complete the required number of credits established by the SBOE and any additional credits required by Priority Charter Schools;
4. Demonstrate proficiency, as determined by Priority Charter Schools, in the specific communication skills required by the SBOE; and
5. Complete and submit a free application for federal student aid (“FAFSA”) or a Texas application for state financial aid (“TASFA”).

Additional Graduation Requirements

Cardiopulmonary Resuscitation Awareness – Texas law requires high school students to complete a cardiopulmonary resuscitation (“CPR”) awareness and training program in order to graduate. The CPR awareness course is not taken for credit and does not result in CPR certification. Priority Charter Schools will offer CPR awareness training, free of charge, to students during their junior or senior year to satisfy this requirement.

Peace Officer Training – Texas law requires high schools to provide students with instruction on proper interaction with peace officers during traffic stops and other in-person encounters. Priority Charter Schools will offer this instruction during a student’s junior or senior year.

Testing Requirements for Graduation

Students are required, with limited exceptions, to perform satisfactorily on the following EOC assessments: English I, English II, Algebra I, Biology, and U.S. History. A student who has not achieved sufficient scores on the EOC assessments to graduate will have opportunities to retake the assessments. State law and state rules also provide for certain scores on norm-referenced national standardized assessments or on the state-developed assessment used for entrance into Texas public universities to substitute for the requirement to meet satisfactory performance on an applicable EOC assessment should a student choose this option. See the Principal or designee for more information on the state testing requirements for graduation.

If a student fails to perform satisfactorily on an EOC assessment, Priority Charter Schools will provide remediation in the content area for which the performance standard was not met. This may require student participation before or after normal school hours, or at times of the year outside of normal school operations.

In limited circumstances, a student who fails to demonstrate proficiency on two or fewer of the required assessments may be eligible to graduate, if an individual graduation committee, formed in accordance with state law, unanimously determines that the student is eligible to graduate. Please see the Principal or designee for more information on the makeup of an individual graduation committee and all other requirements for graduation.

Foundation Graduation Program

Every student in a Texas public school will graduate under the foundation graduation program. Within the foundation graduation program are “endorsements,” which are paths of interest that include Science, Technology, Engineering, and Mathematics; Business and Industry; Public Services; Arts and Humanities; and Multidisciplinary Studies. Endorsements earned by a student will be noted on the student’s transcript and diploma. The foundation graduation program also involves the term “distinguished level of achievement,” which reflects the completion of at least one endorsement and Algebra II as one of the required advanced mathematics credits.

State law and rules generally prohibit a student from graduating solely under the foundation graduation program without an endorsement. However, after the student’s sophomore year, the student and student’s parent may request that the student graduate without an endorsement. The district will advise the student and the student’s parent of the specific benefits of graduating with an endorsement. The student and the student’s parent must then submit written permission to the school counselor for the student to graduate without an endorsement.

A student who wishes to attend a four-year university or college after graduation must carefully consider whether graduation under the foundation program without an endorsement will satisfy the admission requirements of the student’s desired college or university.

Graduating under the foundation graduation program will also provide opportunities to earn “performance acknowledgements” that will be acknowledged on a student’s diploma and transcript. Performance acknowledgements are available for outstanding performance in bilingualism and biliteracy, in a dual credit course; on an AP or IB exam; on the PSAT, ACT-Plan, SAT, or ACT exam; or for earning a nationally or internationally recognized license or certificate. The criteria for earning these performance acknowledgements are prescribed by state rules, and the Principal or designee can provide more information about these acknowledgments.

A student is not required to complete an Algebra II course to graduate under the foundation graduation program, and Priority Charter Schools will annually notify a student’s parent of this fact. However, not taking Algebra II will make a student ineligible for automatic admission to four-year public universities and colleges in Texas and for certain financial aid and grants while attending those institutions.

Priority Charter Schools will permit a student to satisfy the curriculum requirements for graduation under the foundation program with the distinguished level of achievement, including an endorsement, by successfully completing courses in the core curriculum of a public Texas institution of higher education. Please see the campus Principal for more information.

Financial Aid Application Requirement

Before graduating from high school, each student must complete and submit an application for financial aid for post-secondary education. Students must complete and submit either a FAFSA or TASFA.

Students may consult with their campus Principal for guidance in completing the FAFSA/TAFSA. A student is not required to complete and submit a FAFSA or TASFA if:

- The student’s parent submits a form provided by Priority Charter Schools indicating that the parent authorizes the student to opt out;
- A student who is 18 years of age or older or a legally independent minor submits a form provided by Priority Charter Schools indicating that the student opts out; or
- The campus Principal authorizes the student to opt out for good cause.

To confirm that a student has completed and submitted a TASFA, the student must submit:

- A screenshot that includes the processed date field of the FAFSA ApplyTexas Counselor Suite;
- Notification, such as a copy of an email, from the United States Department of Education verifying completion of the FAFSA;
- A copy or screenshot of the FAFSA acknowledgment page;
- A screenshot of the TASFA submission acknowledgment page (from those institutions that offer an electronic form);
- An acknowledgment receipt from an institution of higher education (“IHE”); or
- A copy of a financial aid award letter from an IHE

Students with Disabilities: Upon the recommendation of the admission, review, and dismissal committee, a student with a disability who receives special education services may be permitted to graduate under the provisions of his or her IEP and in accordance with state rules.

A student who receives special education services and has completed four years of high school but has not met the requirements of his or her IEP, may participate in graduation ceremonies and receive a certificate of attendance. Even if the student participates in graduation ceremonies to receive the certificate of attendance, he or she may remain enrolled to complete the IEP and earn his or her high school diploma; however, the student will only be allowed to participate in one graduation ceremony.

The admission, review, and dismissal committee for students with disabilities who receive special education services will make instructional and assessment decisions for these students in accordance with state law and rules. To earn an endorsement under the foundation graduation program, a student must perform satisfactorily on the EOC assessments and receive no modified curriculum in the student’s chosen endorsement area. A student may still be awarded an endorsement when the student fails to perform satisfactorily on no more than two EOC assessments but meets the other requirements for graduation under state law.

Promotion and Retention

A student may be promoted on the basis of academic achievement and/or demonstrated proficiency in the subject matter of the course or grade level. To earn credit in a course, a student must demonstrate mastery on grade level standards and meet Priority Charter Schools requirements for attendance. A student in grades 9–12 will be advanced a grade level based on the number of course credits earned.

A student may be considered for retention if they have met any of the following criteria:

1. failed one or more core subject areas;
2. failed one or more state assessments;
3. is below level in one or more core subject areas; or
4. missed more than 10% of instructional days in an academic year. The decision must be made by a committee, which is comprised of the child’s core subject area teachers, the counselor, and the Principal or designee.

Special Education Students: A student's IEP can modify the school's promotion criteria in whole or in part. Any modified promotion standards shall be determined by the student's ARD committee and documented in the IEP. A student's ARD committee will also make determinations on whether a student will be promoted or retained.

Parent Option for Students to Repeat Grades or Courses

In certain circumstances, a parent may elect for a student to repeat a grade or retake a high school course. Subject to certain restrictions, a parent may elect for a student to:

1. Repeat prekindergarten;
2. Enroll in prekindergarten if the child was eligible to enroll in free prekindergarten under Education Code § 29.153(b) and has not yet enrolled in kindergarten;
3. Repeat kindergarten;
4. Enroll in kindergarten if the child would have enrolled in kindergarten in the previous school year and has not yet enrolled in first grade;
5. For grades one through three, repeat the grade the student was enrolled in the previous school year;
6. For grades four through eight, repeat the grade the student was enrolled in the previous school year; and/or
7. For courses taken for high school credit, repeat any course in which the student was enrolled during the previous school year.

A parent may not elect for a student to repeat a course identified in item 7 above if Priority Charter Schools determines the student has met all of the requirements for graduation.

An election for a student to repeat a grade or retake a high school course must be made in writing. If Priority Charter Schools disagrees with a parent election for a student to repeat a grade or retake a high school course, the school must convene a retention committee and meet with the parent to discuss retention. The meeting must be conducted in person, unless the parent agrees to alternative means. A student may not be retained for a grade or repeat a course if the parent does not meet with the retention committee.

The retention committee will be composed of the Principal or designee, the student's parent, the teacher who taught the grade or course for which the parent wants the student retained or repeated, and additional teachers at the discretion of the Principal, if the student will potentially repeat multiple courses. During the retention meeting, Priority Charter Schools and the parent will discuss the merits of and concerns with advancement and retention, and review and consider the student's grade in each subject or course, the results of any formative or summative assessments administered to the student, and any other available academic information to determine the student's academic readiness for the next grade or a given course. After the parent has participated in a retention committee meeting, the parent shall decide whether the student should be retained or retake a grade or course. Priority Charter Schools must abide by the parent's decision.

A parent's ability to elect for a student to be retained in the grade level or repeat a course in grades 4 and above will expire on September 1, 2022.

Report Cards

Report cards with each student's grades or performance and absences in each class or subject are issued to parents at least once every nine weeks. During the fourth week of a nine-week grading period, parents will be given a written progress report if their child's performance in English language arts, mathematics, science, or social studies is near or below 70%, or is below the expected level of performance. If the student receives a grade lower than 70% in any class or subject at the end of a grading period, the parent will be requested to schedule a conference with the teacher of that class or subject. The report card or progress report will state whether tutorials are required for a student who receives a grade lower than 70% in a class

or subject. Report cards and progress reports must be signed by the parent and returned to the school within seven days.

Questions about grade calculation should first be discussed with the teacher; if the question is not resolved, the parent or student may request a conference with the Principal or designee. State law provides that a test or course grade issued by a teacher cannot be changed unless the Board of Directors determines that the grade was arbitrary or contains an error, or that the teacher did not follow the school's grading policy.

Special Programs

Students Who Speak a Primary Language Other than English

A student may be eligible to receive specialized support if his or her primary language is not English, and the student has difficulty performing regular class work in English. If the student qualifies for these extra services, the Language Proficiency Assessment Committee ("LPAC") will determine the types of services the student needs, including accommodations or modifications related to classroom instruction, local assessments, and state-mandated assessments.

Aiding Students Who Have Learning Difficulties or Who Need Special Education or Section 504 Services

For those students who are having difficulty in the regular classroom, all school districts and open enrollment charter schools must consider tutorial, compensatory, and other academic or behavior support services that are available to all students, including a process based on Response to Intervention ("RtI"). The implementation of RtI has the potential to have a positive impact on the ability of districts and charter schools to meet the needs of all struggling students.

If a student is experiencing learning difficulties, his or her parent may contact the individual(s) listed below to learn about the school's overall general education referral or screening system for support services. This system links students to a variety of support options, including making a referral for a special education evaluation or for a Section 504 evaluation to determine if the student needs specific aids, accommodations, or services. A parent may request an evaluation for special education or Section 504 services at any time.

Special Education Referrals

If a parent makes a written request for an initial evaluation for special education services to the director of special education services or an administrative employee of the school district or open enrollment charter school, the district or charter school must respond no later than 15 school days after receiving the request. At that time, the district or charter school must give the parent a prior written notice of whether it agrees to or refuses to evaluate the student, along with a copy of the Notice of Procedural Safeguards. If the school district or charter school agrees to evaluate the student, it must also give the parent the opportunity to give written consent for the evaluation.

Please note that a request for a special education evaluation may be made verbally and does not need to be in writing. Districts and charter schools must still comply with all federal prior written notice and procedural safeguard requirements and the requirements for identifying, locating, and evaluating children who are suspected of being a child with a disability and in need of special education. However, a verbal request does not require the district or charter school to respond within the 15-school-day timeline.

If the district or charter school decides to evaluate the student, it must complete the student's initial evaluation and evaluation report no later than 45 school days from the day it receives a parent's written consent to evaluate the student. However, if the student is absent from school during the evaluation period for three or more school days, the evaluation period will be extended by the number of school days equal to the number of school days that the student is absent.

There is an exception to the 45-school-day timeline. If a district or charter school receives a parent's consent for the initial evaluation at least 35 but less than 45 school days before the last instructional day of the school year, it must complete the written report and provide a copy of the report to the parent by June 30 of that year. However, if the student is absent from school for three or more days during the evaluation period, the June 30th due date no longer applies. Instead, the general timeline of 45 school days plus extensions for absences of three or more days will apply.

Upon completing the evaluation, the district or charter school must give the parent a copy of the evaluation report at no cost.

Additional information regarding special education is available from the district or charter school in a companion document titled *Parent's Guide to the Admission, Review, and Dismissal Process*.

Contact Person for Special Education Referrals

The designated person to contact regarding options for a student experiencing learning difficulties or regarding a referral for evaluation for special education services is: Lori Hensley, Executive Director of Special Programs, at 254-206-2013, lhensley@prioritycharterschools.org.

Section 504 Referrals

Each school district or charter school must have standards and procedures in place for the evaluation and placement of students in the district's or charter school's Section 504 program. Districts and charter schools must also implement a system of procedural safeguards that includes notice, an opportunity for a parent or guardian to examine relevant records, an impartial hearing with an opportunity for participation by the parent or guardian and representation by counsel, and a review procedure.

Contact Person for Section 504 Referrals:

Notification to Parent of Intervention Strategies for Learning Difficulties Provided to General Education Students

Priority Charter Schools will annually notify parents that it provides assistance to students, other than those already enrolled in a special education program, who need assistance for learning difficulties, including intervention strategies.

Services for Title I Participants

Information regarding Priority Charter Schools' Title I program may be obtained from the campus principal.

Students with Physical or Mental Impairments Protected under Section 504

A student with a physical or mental impairment that substantially limits a major life activity, as defined by law, and who does not otherwise qualify for special education services may qualify for protections under Section 504 of the Rehabilitation Act of 1973 ("Section 504"). Section 504 is a federal law designed to prohibit discrimination against persons with disabilities. When an evaluation is requested, a committee will be created to determine whether the student needs Section 504 services and supports in order to receive an appropriate education as required by federal law.

Standardized Testing

State of Texas Assessments of Academic Readiness

In addition to routine tests and other measures of achievement, students in grades 3–8 will take the state assessment, the STAAR exam, in the following subjects:

- Mathematics, annually in grades 3–8;
- Reading, annually in grades 3–8;
- Science in grades 5 and 8; and
- Social Studies in grade 8.

STAAR Alternate 2 is available for eligible students receiving special education services and who meet certain state-established criteria, as determined by the student's admission, review, and dismissal committee.

STAAR Spanish is available for eligible students for whom a Spanish version of STAAR is the most appropriate measure of their academic progress.

End-of-Course Assessments for Students in Grades 9–12

STAAR or EOC assessments are administered for the following courses:

- Algebra I;
- Biology;
- English I and II; and
- United States History.

Satisfactory performance on the applicable assessments will be required for graduation, unless otherwise waived or substituted as allowed by state laws and rules.

There are three testing windows during the school year in which a student may take an EOC assessment, which will occur during the fall, spring, and summer months. If a student does not meet satisfactory performance, the student will have additional opportunities to retake the assessment.

STAAR Alternate 2 is available for eligible students receiving special education services and who meet certain state-established criteria, as determined by the student's admission, review, and dismissal committee. The student's admission, review, and dismissal committee will determine whether successful performance on the EOC assessments will be required for a student receiving special education services to graduate, in accordance with parameters set in state regulations.

Accelerated Instruction: Grades 3–8

Priority Charter Schools will provide accelerated instruction to each student who fails to perform satisfactorily on the STAAR exam in the third, fourth, fifth, sixth, seventh, or eighth grade. This accelerated instruction will be provided either during the subsequent summer or school year and consist of instruction meeting the requirements of Education Code § 28.0211(a-1) and 28.0211(a-4), as applicable.

Accelerated instruction provided during the following school year may require participation of the student before or after normal school hours.

In providing this accelerated instruction, Priority Charter Schools may not remove a student, except under circumstances for which a student enrolled in the same grade level who is not receiving accelerated instruction would be removed, from: (1) instruction in the foundation and enrichment curriculum for the

grade level in which the student is enrolled, or (2) recess or other physical activity that is available to other students enrolled in the same grade level.

Accelerated Instruction: Grades 9–12

Each time a high school student fails to perform satisfactorily on an EOC assessment, Priority Charter Schools shall provide the student with accelerated instruction in the applicable subject area. This accelerated instruction may require the student’s participation before or after normal school hours, or at a time of the year outside normal school operations. This accelerated instruction will also be provided in a manner required under Education Code § 28.0211.

Accelerated Learning Committees

Priority Charter Schools will establish an accelerated learning committee (“ALC”) for each student for each student who fails to perform satisfactorily on:

1. The third-grade mathematics or reading STAAR assessment;
2. The fifth-grade mathematics or reading STAAR assessment; or
3. The eighth-grade mathematics or reading STAAR assessment.

A student’s ALC will be composed of the Principal or designee, the students’ parent, and the teacher of the subject of the assessment on which the student failed to perform satisfactorily.

The ALC will, not later than the start of the subsequent school year after the student fails to perform satisfactorily on one of the STAAR exams mentioned above, develop an educational plan for the student that provides the necessary accelerated instruction to enable the student to perform at the appropriate grade level by the conclusion of the school year. The educational plan must be documented in writing, and a copy must be provided to the student’s parent or guardian.

A parent of a student who fails to perform satisfactorily on one of the STAAR exams mentioned above may submit a written request to the Principal for Priority Charter Schools to consider the student’s assignment to a particular classroom teacher in the applicable subject area for the subsequent school year, if more than one classroom teacher is available. Priority Charter Schools retains discretion to make classroom assignments based on campus needs and classroom capacity.

During the school year, the student’s progress will be monitored to ensure that the student is progressing in accordance with the plan. Priority Charter Schools will also administer to the student the assessment instrument for the grade level in which the student is placed at the same time as the assessment is taken by other students in the same grade level.

If a student assigned to an educational plan fails in the subsequent school year to perform satisfactorily on a STAAR exam in the same subject, the Superintendent or designee will meet with the student’s ALC to: (1) identify the reason the student did not perform satisfactorily, and (2) determine, in order to ensure the student performs satisfactorily on next administration of the STAAR exam, whether the student’s educational plan must be modified and if any additional resources are required for the student.

The student’s parent may contest the content or implementation of an educational plan developed by the ALC by submitting a written complaint to the Principal within (1) seven calendar days of the parent’s receipt of the educational plan or (2) within seven calendar days of the parent’s concern that the educational plan is not being properly implemented. The campus Principal will conduct a conference with the parent within five school days of the Principal’s receipt of the written complaint and issue a written decision within five school days of the conference. A parent who is dissatisfied with the campus Principal’s decision may appeal through Priority Charter Schools student and parent complaint process, beginning at Level II.

Special Education Students: The ARD Committee of a student who participates in the school’s special education program and who does not perform satisfactorily on the math or reading portions of the third, fifth, or eighth grade STAAR assessment must meet to determine the manner in which the student will participate in an accelerated instruction program.

Texas Success Initiative Assessment

Prior to enrollment in a Texas public college or university, most students must take a standardized test called the TSI assessment. The purpose of the TSI assessment is to assess the reading, mathematics, and writing skills that entering freshmen-level students should have if they are to perform effectively in undergraduate certificate or degree programs in Texas public colleges and universities. Achieving certain benchmark scores on this assessment for college readiness may also waive certain end-of-course assessment requirements in limited circumstances.

SAT/ACT (Scholastic Aptitude Test and American College Test)

Many colleges require either the American College Test (“ACT”) or the Scholastic Aptitude Test (“SAT”) for admission. Students are encouraged to talk with the Principal or designee early during their junior year to determine the appropriate examination to take; these examinations are usually taken at the end of the junior year. The Preliminary SAT (PSAT) and ACT-Aspire are the corresponding preparatory and readiness assessments for the SAT and ACT, and more information can be obtained on these assessments from the Principal or designee.

Note that participation in these assessments may qualify a student to receive a performance acknowledgment on his or her transcript under the foundation graduation program and may qualify as a substitute for an end-of-course testing requirement in certain circumstances. A student’s performance at a certain level on the SAT or ACT also makes the student eligible for automatic admission to a Texas public institution of higher education.

Texas English Language Proficiency Assessment System

The Texas English Language Proficiency Assessment System (“TELPAS”) is a system of statewide assessments administered to all Limited English Proficient (“LEP”) students in grades K–12. The TELPAS measures English ability based on the stages of language development of second language learners. These results will further the understanding of the educational needs of LEP students by providing a state-level measure of both their current academic English levels and their annual progress in English.

SECTION 4: STUDENT CODE OF CONDUCT

Purpose of the Student Code of Conduct

To function properly, education must provide an equal learning opportunity for all students by recognizing, valuing, and addressing the individual needs of every student. In addition to the regular curriculum, principles and practices of good citizenship must also be taught and modeled by school staff. To foster an orderly and distraction-free environment, Priority Charter Schools has established this Student Code of Conduct in accordance with state law and the Priority Charter Schools open-enrollment charter. The Student Code of Conduct has been adopted by the Board of Directors and provides information to parents and students regarding expectations for behavior, consequences of misconduct, and procedures for administering discipline.

In accordance with state law, the Student Code of Conduct will be posted at each Priority Charter Schools' campus and/or will be available for review at the campus office. Parents will be notified of any violation that may result in a student being suspended or expelled from Priority Charter Schools. Students must be familiar with the standards set forth in the Student Code of Conduct, as well as campus and classroom rules.

The Student Code of Conduct does not define all types and aspects of student behavior, as Priority Charter Schools may impose campus or classroom rules in addition to those found in the Student Code of Conduct. These rules may be posted in classrooms or given to the student and may or may not constitute violations of the Student Code of Conduct. When students participate in student activities, they will also be expected to follow the guidelines and constitutions that further specify Priority Charter Schools' organization's expectations, student behavior and consequences.

Authority and Jurisdiction

Priority Charter Schools has disciplinary authority over a student:

1. During the regular school day and while the student is going to and from school on Priority Charter Schools' transportation;
2. During lunch periods in which a student is allowed to leave campus;
3. While the student is attending any school-related activity, regardless of time or location;
4. For any school-related misconduct, regardless of time or location;
5. For any expulsion offense committed while on Priority Charter Schools' property or while attending a school-sponsored or school-related activity of Priority Charter Schools or another school in Texas;
6. For any expulsion offense committed away from Priority Charter Schools' property and not at a school-sponsored or school-related event, if the misconduct creates a substantial disruption to the educational environment;
7. While the student is in transit to or from school or to or from school-related activities or events;
8. When retaliation against a school employee or volunteer occurs or is threatened, regardless of time or location;
9. When the student commits a felony, including those provided by Texas Education Code §§ 37.006 or 37.0081, regardless of time or location;
10. When criminal mischief is committed on or off Priority Charter Schools' property or at a school-related event; and
11. While a student is participating in any remote / virtual classroom or other period of online instruction provided by Priority Charter Schools.

Reporting Crimes

Discipline Management Techniques

Disciplinary management techniques are designed to improve conduct and to encourage students to adhere to their responsibilities as members of the school community. Disciplinary action will draw on the professional judgment of teachers and administrators and on a range of discipline management techniques. Discipline will be correlated to the seriousness of the offense, the student's age and grade level, the frequency of misbehavior, the student's attitude, the effect of the misconduct on the school environment, and statutory requirements.

Because of these factors, discipline for a particular offense, unless otherwise specified by law, may bring into consideration varying techniques and responses.

Techniques

The following discipline management techniques may be used—alone or in combination—for behavior prohibited by the Student Code of Conduct or by campus or classroom rules:

- Assignment of school duties such as cleaning or picking up litter.
- Behavioral contracts.
- Cooling-off time or "time-out."

Virtual Learning Code of Conduct

While some students may participate in a virtual (online) classroom environment, standards for student conduct remain important to our school environment. To help ensure that our students understand how to behave in a virtual classroom environment, we have developed a code of conduct for students to follow. This code of conduct addresses student interactions with Priority Charter Schools' faculty, staff, and students in the online environment.

A. Interactions with Faculty and Staff

1. Students should address Priority Charter Schools' faculty and staff members as adults with courtesy and respect. Students should use the appropriate title (Mr., Mrs., Ms., or Dr.) and the faculty or staff member's last name only.

2. Students should phrase communications with Priority Charter Schools' faculty and staff in a polite and courteous manner appropriate for speaking to adults.
3. Students are not to use obscene, profane, threatening, or disrespectful language or images in any communications with Priority Charter Schools' faculty and staff.
4. Students must use a screen name and/or virtual platform profile picture that is appropriate for an educational environment. Screen names and profile pictures may not include profanity or language or images that may otherwise be construed as offensive. Profile pictures generally should include only the student's face. Priority Charter Schools' administration reserves the right to determine if a student's screen name and/or profile picture is inappropriate. Students using an inappropriate screen name and/or profile picture will be required to update their user profiles.

B. Interactions with Other Students

1. All communications with other students in the virtual classroom must be of a course-related nature.
2. All communications with other students in any forum, course related email, discussion post, etc., must be polite, courteous, and respectful.

Copying the work of others, allowing others to knowingly copy your own work, and/or misusing content from the Internet will result in disciplinary consequences as allowed under the school's Student Code of Conduct.
4. Students are not to collaborate with other students on assignments unless directed to do so by the teacher. Additionally, parents are not permitted to log in to a student account to complete coursework on the student's behalf.
5. Students are not to use obscene, profane, threatening, or disrespectful language or images in any communications with other students.

If the Principal or designee determines the student's conduct warrants suspension during the school day for up to five days, the Principal or designee will make reasonable efforts to notify the student's parent(s) that the student has been suspended before the student is sent home. The Principal or designee will notify a suspended student's parent(s) of the period of suspension, the grounds for the suspension, and the time and place for an opportunity to confer with the Principal or designee.

Within 48 hours or two school days, whichever is later, following the hearing, the Principal or designee will notify the student and the student's parent(s) in writing of his or her decision as to whether the student's conduct warrants suspension and/or expulsion and, if so, the decision shall specify:

Appeal to the Board of Directors

The student or his or her parent(s) may appeal the extended suspension or expulsion decision to the Board of Directors by notifying the Principal in writing within five calendar days of the date of receipt of the Principal or designee's decision. The student and/or his or her parent(s) will be informed of the date, time, and location of the meeting in which the disciplinary consequence will be reviewed. The Board of Directors will review the disciplinary administrative record and any audio recording or transcription/minutes of any hearings or conferences before the Principal or designee at a regular or specially called meeting in closed session as permitted by the Texas Open Meetings Act. The appeal shall be limited to the issues and documents considered during the disciplinary consequence, except that if the administration intends to rely on evidence not included in the expulsion record, the administration shall provide the student or parent(s) notice of the nature of the evidence at least three days before the Board of Directors' meeting.

The Board of Directors may, but is not required to, allow an opportunity for the student or parent(s) and the administration to each make a presentation and provide rebuttal and an opportunity for questioning by the

Board of Directors. The Board of Directors will consider the appeal and may request that the administration provide an explanation for the disciplinary decision.

The Board of Directors will communicate its decision, if any, orally or in writing before or during the next regularly scheduled Board of Directors' meeting. If no decision is made by the end of the next regularly scheduled Board of Directors' meeting, the Principal or designee's decision with respect to the disciplinary action appeal shall be upheld. The Board of Directors may not delegate its authority to issue a decision, and any decision by the Board of Directors is final and may not be appealed.

As stated above, disciplinary consequences will not be deferred pending the outcome of an appeal of an extended suspension or expulsion to the Board of Directors.

Except when required by law, students will not earn academic credit during a period of expulsion.

- Immunization requirements;
- Grade level, course, or educational program placement;
- Eligibility requirements for participating in extracurricular activities; and
- Graduation requirements.

In addition, absences related to a student visiting with his or her parent, including a stepparent or legal guardian, who has been called to active duty for, is on leave from, or is returning from a deployment of at least four months will be excused by Priority Charter Schools. The school will permit no more than five excused absences per year for this purpose. For the absence to be excused, the absence must occur no earlier than the 60th day before deployment or no later than the 30th day after the parent's return from deployment.

Consent to Human Sexuality Instruction

- Review, receive a copy of, or purchase a copy of curriculum materials depending on the copyright of the materials.
- Remove his or her child from any part of the human sexuality instruction without academic, disciplinary, or other penalties.
- Become involved in the development of this curriculum by becoming a member of the school's health advisory committee or attending committee meetings.

State law also requires that instruction related to human sexuality, sexually transmitted diseases, or human immunodeficiency virus (HIV) or acquired immune deficiency syndrome (AIDS):

- Present abstinence from sexual activity as the preferred choice in relationship to all sexual activity for unmarried persons of school age;
- Devote more attention to abstinence from sexual activity than to any other behavior;
- Emphasize that abstinence, if used consistently and correctly, is the only method that is 100 percent effective in preventing pregnancy, sexually transmitted infections, and the emotional trauma associated with adolescent sexual activity;

Priority Charter Schools has established procedures for recommending to a parent an intervention for a student with early warning signs of mental health concerns, substance abuse, or suicide risk. The campus Principal will notify the student's parent within a reasonable amount of time after the liaison learns that a student has displayed early warning signs and provide information about available counseling options.

Priority Charter Schools has also established procedures for staff to notify the campus Principal regarding a student who may need intervention.

The mental health liaison can provide further information regarding these procedures as well as curriculum materials on identifying risk factors, accessing resources for treatment or support on and off campus, and accessing available student accommodations provided on campus.

Priority Charter Schools will provide parents with the qualifications of each teacher employed by the school. Parents may also request, and Priority Charter Schools will provide in a timely manner, information regarding the professional qualifications of their student's classroom teachers. Parent Contact Information

Parents are responsible for notifying Priority Charter Schools of any changes in their address, telephone number, and/or email address so that we can update our records accordingly and maintain up-to-date contact information.

Student or Parent Complaints and Concerns

Priority Charter Schools values the opinions of their students and parents, and the public it serves. Parents and students have the right to express their views through appropriate informal and formal processes. The purpose of this complaint and/or grievance policy is to resolve conflicts in an efficient, expeditious, and just manner.

The Board of Directors encourages parents and the public to discuss their complaints and grievances through informal meetings with the Principal or designee. Complaints and grievances should be expressed as soon as possible to allow early resolution at the lowest possible administrative level.

Neither the Board of Directors nor any School employee shall unlawfully retaliate against a parent or student for voicing a complaint and/or grievance.

The Superintendent shall ensure that the school's complaint and grievance procedures are provided to all parents and students. The formal complaint and grievance procedure shall provide for any complaint and grievance to ultimately be considered or heard by the Board of Directors in accordance with Commissioner of Education rules.

For purposes of this policy, "days" shall mean school days, and announcement of a decision in the student's or parent's presence shall constitute communication of the decision.

Informal Conferences

A parent or student may request an informal conference with the Principal or designee, teacher, or other campus administrator within seven school days of the time the parent or student knew or should have known of the event(s) giving rise to the complaint and/or grievance. If the parent or student is not satisfied with the results of the informal conference, he or she may submit a written complaint and/or grievance form to the Principal or designee. Complaint and grievance forms may be obtained from the Principal's office.

Formal Grievance Process

The formal complaint and grievance process provides all persons with an opportunity to be heard up to the Board of Directors if they are dissatisfied with an administrative response. Once all administrative procedures are exhausted, a parent and/or student can bring complaints and/or grievances to the Board of Directors, as outlined below.

A complaint and/or grievance must specify the harm alleged by the parent and/or student, and the remedy sought. A parent or student should not submit separate or serial complaints and/or grievances regarding the same event or action. Multiple complaints and/or grievances may be consolidated at the school's discretion. All time limits shall be strictly complied with; however, if an administrator determines that additional time is needed to complete a thorough investigation of the complaint and/or grievance and/or to issue a response, the administrator shall inform the parent or student in writing of the need to extend the response time and provide a specific date by which the response will be issued. Costs of any complaint and/or grievance shall be paid by the complainant and/or grievant.

Level One Complaint –Principal Review

A parent or student shall submit a written Level One Complaint or Grievance Form to the Principal or designee within the later of (1) seven school days from the time the event(s) causing the complaint and/or grievance were or should have been known, or (2) within seven school days following an informal conference with the Principal or designee. The school reserves the right to require the complainant and/or grievant to begin the complaint and/or grievance process at Level Two.

The Principal or designee will meet with the complaining and/or grieving parent and issue a written Level One Decision within ten school days of the Principal or designee's receipt of the complaint and/or grievance.

Note: A complaint and/or grievance against the Superintendent shall begin at Level Three.

Level Two Complaint – Superintendent Review

If the parent or student is not satisfied with the Level One Decision, or if no Level One Decision is provided, the parent or student may file a written appeal to the Superintendent or designee. The appeal must include a signed statement of the complaint and/or grievance, any evidence supporting the complaint and/or grievance, and a copy of the written Level One complaint and/or grievance and a copy of the Level One Decision, if issued. The appeal shall not include any new issues or complaints and/or grievances unrelated to the Level One complaint. The appeal must be filed within ten school days of the Level One Decision or the response deadline if no Level One Decision is made. The Superintendent or designee will meet with the complaining and/or grieving parent or student and issue a written Level Two Decision within seven school days of the written appeal.

Level Three – Board of Directors Review

If the student or parent is not satisfied with the Level Two Decision, or if no Level Two Decision is provided, the parent or student may submit to the Superintendent a written appeal to the Board of Directors. The request must be filed within ten school days of the Level Two Decision or the response deadline if no Level Two Decision is made. The Superintendent or designee will inform the student or parent of the date, time, and place of the Board of Directors' meeting at which the complaint and/or grievance will be placed on the agenda for consideration by the Board.

The Board of Directors will consider the appeal, and may allow a presentation by the parent or student and the school administration. The appeal will be limited to the issues and documents considered at Level Two, except that if the administration intends to rely on evidence not included in the complaint and/or grievance record, the administration shall provide the student or parent notice of the nature of the evidence at least three days before the Board of Directors' meeting.

Priority Charter Schools will determine whether the appeal will be presented in an open or closed session in accordance with the Texas Open Meetings Act and other applicable law.

The presiding officer may set reasonable time limits and guidelines for any presentation of evidence, including an opportunity for the student or parent and administration to each make a presentation and provide rebuttal and an opportunity for questioning by the Board of Directors. The Board of Directors shall hear the complaint and/or grievance and may request that the administration provide an explanation for the decisions at the preceding levels.

The Board of Directors shall communicate its decision, if any, orally or in writing before or during the next regularly scheduled Board of Directors' meeting. If no decision is made by the end of the next regularly scheduled Board meeting, the decision being appealed shall be upheld. The Board of Directors may not delegate its authority to issue a decision, and any decision by the Board of Directors is final and may not be appealed.

SECTION 6: IMPORTANT NOTICES

Annual Notice of Parent and Student Rights (Annual FERPA Confidentiality Notice)

The Family Educational Rights and Privacy Act (“FERPA”) affords parents and students who are 18 years of age or older (“eligible students”) certain rights with respect to the student’s educational records. These rights are:

Parents or eligible students who wish to inspect their child’s or their education records should submit to the Principal a written request that identifies the records they wish to inspect. The Principal or designee will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.

2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

Parents or eligible students who wish to ask Priority Charter Schools to amend their child’s or their education records should write the Principal, clearly identify the part of the record they want changed, and specify why it should be changed. - A parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or
- A parent, student, or other volunteer assisting another school official in performing his or her tasks.

A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, Priority Charter Schools discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

Introduction

Priority Charter Schools is pleased to offer students access to school computers, communications systems,¹ the Internet and a wide array of other technology resources to promote educational excellence and enhance the classroom experience. Technology can expand a student’s access to educational materials, prepare students by providing workforce skills and college readiness, and lead to personal growth. Priority Charter Schools recognizes, however, that access to technology must be given with clear guidelines, expectations, and supervision to protect students. This Policy is designed to make parents, teachers and administrators partners to teach students how to be responsible users of technology.

Priority Charter Schools will educate all students about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

Priority Charter Schools will hold ALL students responsible for their use of technology, whether school-provided or personal, and they are expected to act in an appropriate manner in accordance with campus procedures, Priority Charter Schools’ policy and procedures, and legal requirements. This applies to the use of all Priority Charter Schools’ technology resources by students while on or near school property, in school vehicles and at school-sponsored activities on-or off-campus, as well as the use of all Priority Charter Schools’ technology resources via off-campus remote access.

This Policy shall be used in conjunction with the Student Code of Conduct.

Using the Internet and Communications Systems

Priority Charter Schools provides technology resources to students for the express purposes of conducting research, completing assignments, and communicating to the faculty, staff, and others to complement their educational experience. Just as students must demonstrate proper behavior in a classroom or school hallway, they must also behave appropriately when using any Priority Charter Schools’ computer networks, personal electronic devices, personal device data plans, software or websites sanctioned or used by Priority Charter Schools, and any personal technology used in an educational setting. Access to Priority Charter Schools’ technology is a privilege, not a right. Students must comply with all standards set forth in this Policy at all times in order to maintain the privilege of using its technology resources.

Students and their parents are advised that any information stored on and/or sent through Priority Charter Schools’ technology resources is the property of Priority Charter Schools. Accordingly, in connection with ensuring student safety, Priority Charter Schools’ network administrators and/or other appropriate personnel will engage in periodic reviews and searches of stored files and communications stored on Priority Charter Schools technology resources to maintain system integrity and ensure that students are complying with this Policy and using technology in a responsible and appropriate manner. Such reviews

¹ “Communication Systems” include educational-related communications between and among Priority Charter Schools and students by email, web sites, cell phones, pagers, text messaging, instant messaging, blogging, podcasting, listservs, and/or other emerging technologies.

will include students' use of school-approved educational websites or software to ensure that they are using it in an appropriate manner consistent with Priority Charter Schools' expectations for such use. Students do not have a reasonable expectation of privacy over any information stored on Priority Charter Schools' technology.

Priority Charter Schools may allow students to bring personal technology devices (i.e., tablets, e-readers, smartphones) for use during the school day for authorized curricular purposes. Students that use personal technology devices will be required to comply with all aspects of the Acceptable Use Policy and/or the Student Code of Conduct in the use of such devices at school. A student's personal technology device may be subject to search by campus administrators in connection with determining if a student has committed a violation of this Policy and/or the Student Code of Conduct.

Priority Charter Schools remains committed to integrating technology to enhance its curriculum for students, which it believes increases students' educational experience for them and allows for better preparation for job skills and college success. Access to the Internet enables students to use extensive online libraries, databases and websites selected by Priority Charter Schools for use in instruction.

Although Priority Charter Schools strives to ensure that any Internet access avoids any inappropriate material, students and their families should be aware that some material accessible on the Internet may contain information that is inaccurate, profane, sexually oriented, defamatory, and potentially offensive to some. Priority Charter Schools does not condone any student accessing, or attempting to access, such material, and it remains deeply committed to safe Internet use. Priority Charter Schools takes steps to minimize students' opportunities to do so, including the implementation of extensive content-filtering software. This software is not fail-safe, however, and while at school, Priority Charter Schools strives to ensure that students' Internet use is supervised, it is possible that the software may miss some content, or students may find a way around the software to access inappropriate material. For this reason, this Policy is strictly enforced, and students who misuse any Priority Charter Schools' technology outside its intended purpose, including the use of school-recommended websites for purposes outside the educational intent, will be in violation of this Policy, which may lead to disciplinary consequences for the student.

With this in mind, Priority Charter Schools still believes that the benefits of allowing student access to the Internet to enhance the educational experience outweighs any potential harm to students.

Proper and Acceptable Use of All Technology Resources

Priority Charter Schools requires students to use all technology resources, including any websites or software used in the classroom, in a manner consistent with the following rules. Priority Charter Schools will hold students responsible for any intentional misuse of its technology resources, or any other failure to comply with the rules in this Policy. When using Priority Charter Schools' technology systems outside the school, parents should strive to ensure that students do so in compliance with the rules set forth in this Policy, as Priority Charter Schools is unable to supervise students' technology use at home. Priority Charter Schools' content-filtering software will not work in a student's home, so parents are encouraged to place content-filtering software on their home computers or take any other steps necessary to monitor students' Internet usage at home.

Students, who unintentionally access inappropriate material in connection with their use of any Priority Charter Schools' technology, including websites and software used in the classroom, shall immediately stop accessing the material and report it to a supervising adult. Priority Charter Schools shall take immediate steps to ensure such material is blocked from further view at school by its content-filtering software.

All Priority Charter Schools' technology resources, including but not limited to school computers, communications systems, and the Internet, including any websites or software used in the classroom, must

Students shall immediately report any violations of this Policy to a classroom teacher or administrator. If any student or parent has any question about whether any activity may be a violation of this Policy, they should ask a classroom teacher or the Principal or designee.

Personal Electronic Devices

Personal wireless and mobile devices may be provided filtered access to the Internet as well as access to any web-based student applications (e.g., Discovery Education Streaming, Moodle) that would normally be accessible to students from home. Priority Charter Schools is not responsible for the loss or theft of any personal electronic devices, or for damage, or unauthorized access to the device nor the data that resides therein. Students and parents assume any and all risks associated with bringing a personal electronic device to a campus or school-related event. In addition:

- All students with personal electronic devices being used for instructional or other school business must use Priority Charter Schools' wireless network, which is filtered according to federal guidelines for Internet access in public schools.
- If a student uses a personal electronic device in an inappropriate manner, he or she will lose their privilege of bringing a personal device to school. Additional consequences may be imposed based on the Policy and the Student Code of Conduct, as well as any campus-based consequences for violating the usage rules for personal electronic devices.

- Personal electronic communications such as e-mail, instant messaging, chat, blogs, etc., are prohibited at school unless the teacher and/or administrator has approved the use of an application for educational purposes.
- Personal electronic devices are never to be plugged into the wired network (i.e., computers, wall jacks, other school equipment, etc.).
- School officials may power on and search a student's device if there is a reasonable cause to believe that the device has been used in the transmission or reception of communications prohibited by law, policy, or regulation and if a student and parent have signed a form authorizing the student to possess the device at school.
- Sound on personal wireless and mobile devices must be turned off when it is being used as part of a class.
- Student selection of appropriate, tasteful screensavers and wallpaper is expected.
- Teachers will establish standards for personal electronic devices used in their respective classrooms; however, it is Priority Charter Schools' policy that students are not allowed to access the Internet unless supervised by a teacher or staff member.
- The student must take full responsibility for configuring and maintaining their personal electronic devices. Priority Charter Schools will not provide technical support for these devices.
- When personal electronic devices are not in the student's possession, the student must secure them. Priority Charter Schools will not store, nor will it accept responsibility for storing, any student's personal electronic device on school grounds. Personal electronic devices must go home with students daily.

Privacy and Security

Students are expected to use Priority Charter Schools' technology resources responsibly and in a safe and secure manner, regardless of whether such technology is accessed using a school-issued or personal electronic device. Students shall not share their individual logins, passwords, or access to Priority Charter Schools' technology with others without the prior approval of a classroom teacher or administrator. Students shall sign off or log off all Priority Charter Schools' equipment, software, or Internet sites once they are done with their session in order to protect the integrity of their logins, passwords, or access.

Consequences

Violation of Priority Charter Schools' policies and procedures concerning use of the computer on the network will result in the same disciplinary actions that would result from similar violations in other areas of school policy, including the Student Code of Conduct. Any or all of the following consequences may be enforced if a student violates the terms of this policy:

1. Loss of computer privileges/Internet access, with length of time to be determined by campus administration.
2. Any campus-based disciplinary consequence, including suspension, as deemed appropriate by the administration.
3. Suspension may be considered for flagrant violations or violations that corrupt the educational value of the computers or the Internet.
4. Expulsion may be considered in instances where students have used Priority Charter Schools' Internet access to engage in conduct that constitutes felony criminal mischief, and/or have deliberately attempted to bypass installed security software or copy/modify another student's work files.

Violations of law may also result in criminal prosecution as well as disciplinary action by Priority Charter Schools.

Limitations of Liability

Priority Charter Schools makes no warranties of any kind, whether express or implied, for the technology resources it provides to students through Priority Charter Schools provided and/or a student's personal electronic device. Priority Charter Schools is not responsible for any damages that a student may sustain, including those arising from non-delivery of information, erroneous delivery of information, service interruptions, unauthorized use by a student, loss of data, and any potential exposure to inappropriate material from the Internet. Use of any information obtained through the Internet is at the student's own risk, as Priority Charter Schools makes no representations, and denies responsibility for, the accuracy or quality of the information. In exchange for being allowed to use Priority Charter Schools' technology resources, students and their parents hereby release Priority Charter Schools, its directors, employees, and representatives from any and all claims for damages that arise from the intentional or neglectful misuse of Priority Charter Schools' technology resources by the student.

Electronic Communication Device Commitment Form

Electronic communications at school and at school-related functions are subject to regulation by Priority Charter Schools.

This Electronic Communication Device Commitment Form grants authority and permission to Priority Charter Schools to regulate electronic communication devices when these devices are brought to and/or used while on school property or when attending school-related functions and events. Such communication devices include but are not limited to cellular phones, pagers, PDAs, and pocket computers. These regulations are made necessary in light of the unique opportunities these devices create for violations of law and school policies, and to perpetrate conduct disruptive of an educational environment essential to the school's educational program. These concerns are exacerbated by electronic security protections and the personal size of these devices, which are often concealed in pockets and purses.

Therefore, all students who would possess or use such devices on school property or at school-related activities are required to sign this form together with their parent, guardian or other adult person having the authority of a parent for school purposes.

Each of you, by your signature below, agrees to the following:

- The possession and use of cellular phones, pagers, PDAs, and other electronic communication devices by a student on school property or at school-related events is subject to regulation by Priority Charter Schools.
- If a student possesses such devices on school property or while attending school-related events, Priority Charter Schools is authorized and has parent(s)/guardian's full consent to confiscate, power on or off, manipulate and do all things necessary to search student's device and recover or intercept communications (including but not limited to text messaging) when reasonable suspicion exists that such device has been used to transmit or receive communications in violation of law, the Student Code of Conduct, school policy or regulation.
- I further understand, agree, and consent that an electronic communication device used or possessed in violation of law, the Student Code of Conduct, school policy or regulation is subject to confiscation and that Priority Charter Schools is not liable for any loss of or damage to confiscated devices.
